

To Whom It May Concern

The Commission alleges that JT Hauls All, LLC (Respondent) has failed to maintain evidence of Liability Insurance and Cargo Insurance on file with the Commission.

The Respondent cancelled his certificate of Public Convenience A-8916545 in October 2014. This cancellation was done during the initial compliance check, by enforcement officer, Gregory English. At this time, the Respondent explained to Officer English, that he would be going out of business and would no longer need the certificate. Officer English printed a form from the PUC website and had the Respondent sign to terminate his certificate with the Commission.

Respondent asked Officer English if there was anything else that needed to be done for the cancellation to become complete, with the Commission. Officer English's response was, "No, you are good to go." The Respondent then cancelled his insurance.

The Respondent has attempted to contact Officer English, and is waiting for a return phone call.

At this time, the Respondent feels he has met all obligations to the Commission when he cancelled his certificate of Public Convenience A-8916545, with Officer English.

Respectfully,

Justin T. Walters,
