RE: Docket No. C-2014-2459964

Stephen Getz V. Metropolitan Edison Company

Objection to Late Filed Exhibit of Met-Ed

Dear Ms. Valencik:

In accordance with the Interim Order dated March 18, 2015, I would like to formally object to the admission of this exhibit on the grounds that at this point I am not able to ask any questions in regards to this exhibit. Being that there are questionable issues that I would have raised had this been provided prior to proceedings on March 17th, 2015, I feel this exhibit should not be considered evidence in regards to me NOT attempting to make \$100.00 payments but would like to point out highlighted area on page 2 of exhibit that it does acknowledge my statement to the rep of being refused to make \$100 and no comments from the rep. The only notes made in the exhibit are for the benefit of the said company. Met Ed.

If you have any questions, please do not hesitate to contact me.

Very Truly yours,

Wendy Getz
