

INTRODUCTION

Pittsburgh Cab Company (Pittsburgh Cab) hereby requests a rate increase and files its tariff for call or demand PA PUC number 2 to become effective April 26, 2015, canceling call or demand PA PUC number 1 which was effective October 11, 2005.

Pittsburgh Cab requests the following increases:

1. Flag drop from \$2.25 for the first 1/7 mile to \$4.00 for the first 1/7 mile
2. Waiting time from \$.25 per minute to \$.55 per minute
3. Surcharge for Sundays, Holidays and trips departing from Pittsburgh International Airport from \$1.00 per trip to \$2.00 per trip
4. Surcharge of \$2.00 for every trip from 5:00PM Friday to 5:00AM Saturday
5. Surcharge of \$2.00 for every trip from 5:00PM Saturday to Saturday midnight

If approved these increases would produce additional revenue for both Pittsburgh Cab and its lease drivers to help offset continually increasing operating expenses. The increase would generate additional call or demand revenue of \$8,287. Pittsburgh Cab plans to retain \$2,899 of that total via lease rate increases to drivers to cover additional expenses and generate a profit in the neighborhood of 15%.

PITTSBURGH CAB'S PREVIOUS RATE INCREASE

Pittsburgh Cab has not enjoyed a rate increase since 2005.

COST OF LIVING

Pittsburgh Cab needs to increase the driver's compensation to allow them to keep pace with the cost of living. Between January 2006 and the present, the cost of living adjustments have amounted to almost 20%.

CALL TAKING AND DISPATCH SERVICES

Call takers and dispatchers are subject to negotiated wage and benefit increases with union personnel. Also included are increases for nonunion supervisory staff.

CASHIERING AND MANAGEMENT

Increases are estimated based on this year versus next year considering the competitive current market place we are in.

SALES AND MARKETING EXPENSES

Increases due to efforts necessitated by the presence of Uber and Lyft based on Pittsburgh Cab's best estimates of this year versus next year.

GENERAL AND ADMINISTRATIVE EXPENSES

Legal expense is estimated to increase due to the presence of Uber and Lyft and the PUC's new mileage regulations.

The requested rate increase, besides assisting the Company to cover rising costs and *generating a reasonable profit, is required to help it's lease drivers offset their rising expenses.*

As previously mentioned, the cost of living has risen almost 20% since the last rate increase including a 24% increase in gasoline prices. Their portion of this increase would amount to \$5,388 or about \$2.03 per trip.
