JOINT FILING

PA PUBLIC UTILITY COMMISSION  
SECRETARY'S BUREAU

Verizon North Inc. ("Verizon") and WorldxChange Corp. d/b/a Acceris Communications Solutions d/b/a Acceris Communications Partners ("WorldxChange") respectfully submit to the Commission, pursuant to Section 252(i) of the Telecommunications Act of 1996 (the "1996 Act")<sup>1</sup>, the attached adoption letter effective January 29, 2004 (the "Adoption"). The Adoption provides for the interconnection of the two companies' networks and makes available to WorldxChange access to unbundled network elements, wholesale telecommunications services, and ancillary services offered by Verizon.

**THE PARTIES**

1. Verizon is an incumbent local exchange carrier authorized to provide local exchange telephone service in Pennsylvania.

2. WorldxChange is a competitive local exchange carrier that is authorized to provide local telephone service in Pennsylvania consistent with appropriate legal requirements established by the Commission.

<sup>1</sup>Citations herein to the 1996 Act should be construed as references to sections of the Communications Act of 1934 as amended by the 1996 Act.

## **THE ADOPTION**

3. WorldxChange has exercised its right under Section 252(i) of the 1996 Act to opt into the Verizon/ Z-Tel Communications Inc. ("Z-Tel") Interconnection Agreement which the Commission approved on August 30, 2001 in Case No. A-310706F7001. Under the Adoption, WorldxChange has agreed that it will be bound by the terms of the Verizon/Z-Tel Interconnection Agreement as such agreement is in effect on the date hereof after giving effect to operation of law.

4. The Adoption sets forth the terms, conditions and prices under which Verizon and WorldxChange will offer and provide access to network elements, ancillary network services, and wholesale telecommunications services available for resale to each other within each Local Access and Transport Area ("LATA") in which they both operate in Pennsylvania.

5. Key provisions of the Adoption provide for:

- (i) Unbundled loops -- providing WorldxChange access to existing Verizon customers -- based on a rate methodology specified in the Agreement;
- (ii) Customers to retain their telephone numbers when they switch to WorldxChange;
- (iii) Including WorldxChange customers' primary listings in the appropriate alphabetical directory ("White Pages") and, for business customers, in the appropriate classified directory ("Yellow Pages");
- (iv) The resale of Verizon telecommunications services for a wholesale discount as specified in Appendix Appendix 1 to the Adoption;
- (v) The continued provision of 911 services to all customers; and
- (vi) Performance standards for services provided by Verizon to WorldxChange equal to the level of service provided by Verizon to its own end-user customers and other telecommunications carriers.

## **COMPLIANCE WITH THE 1996 ACT**

6. If the Commission determines that it wishes to (or must) review the Adoption under the 1996 Act or otherwise, it is the parties' view that the Adoption satisfies the requirements for

Commission approval (to the extent that they would apply) pursuant to Section 252(e)(2)(A) of the 1996 Act, which provides as follows:

The State commission may only reject ... an agreement (or any portion thereof) adopted by negotiation under subsection (a) if it finds that--

(i) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or

(ii) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity[.]

7. First, the Adoption does not discriminate against any other telecommunications carrier, as required by Section 252(e)(2)(a)(i). To the contrary, any other telecommunications carrier authorized to provide local telephone service in Pennsylvania may obtain the interconnection, unbundling and resale arrangement specified in the underlying interconnection agreement that is the subject of the Adoption on the same terms and conditions (assuming that none of the exclusions to opt-in rights under Section 252(i) of the 1996 Act would apply). Nonetheless, other carriers are not bound by the terms of such interconnection agreement and remain free to negotiate with Verizon pursuant to Section 252 of the 1996 Act.

8. Second, the Adoption is consistent with the public interest, convenience, and necessity, as required by Section 252(e)(2)(a)(ii). It is an important step towards allowing WorldxChange to compete with Verizon as a facilities-based local telephone service carrier for both residential and business customers.

#### **APPROVAL OF THE AGREEMENT**

9. Verizon and WorldxChange respectfully request that, if the Commission chooses to review the Adoption, it expedite such review to facilitate implementation of competition in the local exchange market. Although under Section 252(e)(4) of the 1996 Act, the Commission has

90 days to approve or reject the Agreement, Verizon and WorldxChange request that the Commission act sooner than that date if at all possible, if it chooses to review the Adoption.

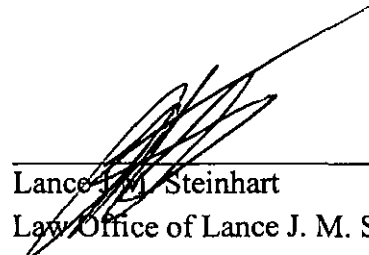

**WHEREFORE**, Verizon and WorldxChange respectfully submit the attached Adoption pursuant to Section 252(i) of the 1996 Act.

Jack H. White

Re: Requested Adoption Under Section 252(i) of the TA96

Dear Mr. Hilton:

Verizon North Inc., f/k/a GTE North Incorporated ("Verizon"), a Wisconsin corporation, with principal place of business at 1717 Arch Street, Philadelphia, Pennsylvania 19103, has received your letter stating that, under Section 252(i) of the Telecommunications Act of 1996 (the "Act"), WorldxChange Corp. d/b/a Acceris Communications Solutions d/b/a Acceris Communications Partners ("WorldxChange"), a Delaware corporation, with principal place of business at 9775 Business Park Ave., San Diego, California 92131, wishes to adopt the terms of the Interconnection Agreement between Z-Tel Communications Inc. ("Z-Tel") and Verizon that was approved by the Pennsylvania Public Utility Commission (the "Commission") as an effective agreement in the Commonwealth of Pennsylvania, as such agreement exists on the date hereof after giving effect to operation of law (the "Terms"). I understand WorldxChange has a copy of the Terms. Please note the following with respect to WorldxChange's adoption of the Terms.

1. By WorldxChange's countersignature on this letter, WorldxChange hereby represents and agrees to the following five points:
  - (A) WorldxChange adopts (and agrees to be bound by) the Terms of the Z-Tel/Verizon agreement for interconnection as it is in effect on the date hereof

after giving effect to operation of law, and in applying the Terms, agrees that WorldxChange shall be substituted in place of Z-Tel Communications Inc. and Z-Tel in the Terms wherever appropriate.

- (B) For avoidance of doubt, adoption of the Terms does not include adoption of any provision imposing an unbundling obligation on Verizon that no longer applies under the Report and Order and Order on Remand (FCC 03-36) released by the Federal Communications Commission ("FCC") on August 21, 2003 in CC Docket Nos. 01-338, 96-98, 98-147 ("Triennial Review Order"), which became effective on October 2, 2003. In light of the effectiveness of the Triennial Review Order, any reasonable period of time for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act (*see, e.g.*, 47 CFR Section 51.809(c)).
- (C) Notice to WorldxChange and Verizon as may be required under the Terms shall be provided as follows:

To: WorldxChange Corp. d/b/a Acceris Communications  
Solutions d/b/a Acceris Communications Partners

- (D) WorldxChange represents and warrants that it is a certified provider of local telecommunications service in the Commonwealth of Pennsylvania, and that its adoption of the Terms will cover services in Verizon North's service territory in the Commonwealth of Pennsylvania only.
- (E) In the event that a voluntary or involuntary petition has been or is in the future filed against WorldxChange under bankruptcy or insolvency laws, or any law relating to the relief of debtors, readjustment of indebtedness, debtor reorganization or composition or extension of debt (any such proceeding, an "Insolvency Proceeding"), then: (i) all rights of Verizon under such laws, including, without limitation, all rights of Verizon under 11 U.S.C. § 366, shall be preserved, and WorldxChange's adoption of the Verizon Terms shall in no way impair such rights of Verizon; and (ii) all rights of WorldxChange resulting from WorldxChange's adoption of the Verizon terms shall be subject to and modified by any Stipulations and Orders entered in the Insolvency Proceeding, including, without limitation, any Stipulation or Order providing adequate assurance of payment to Verizon pursuant to 11 U.S.C. § 366. In the event that an interconnection agreement between Verizon and WorldxChange is currently in force in the former GTE service territory within the Commonwealth of Pennsylvania (the "Original ICA"), WorldxChange's adoption of the Terms (the "Amended and Restated Interconnection Agreement") shall be an amendment and restatement of, and replace in its entirety, the Original ICA. The Amended and Restated Interconnection Agreement is not intended to be, nor shall it be construed to create, a novation or accord and satisfaction with respect to the Original ICA. All monetary obligations of the parties to one another under the Original ICA shall remain in full force and effect and shall constitute monetary obligations of the parties under the Amended and Restated Interconnection Agreement; provided, however, in the event that WorldxChange is currently a debtor in an Insolvency Proceeding nothing contained herein shall convert any claim or debt that would otherwise constitute a prepetition claim or debt in WorldxChange's Insolvency Proceeding into a post-petition claim or debt.
- (F) Verizon's standard pricing schedule for interconnection agreements in the Commonwealth of Pennsylvania (as such schedule may be amended from time to time) (attached as Appendix 1 hereto) shall apply to WorldxChange's adoption of the Terms. WorldxChange should note that the aforementioned pricing schedule may contain rates for certain services the terms for which are not included in the Terms or that are otherwise not part of this adoption, and may include phrases or wording not identical to those utilized in the Terms. In an effort to expedite the adoption process, Verizon has not deleted such rates from the pricing schedule or attempted to customize the wording in the pricing schedule to match the Terms. However, the inclusion of such rates in no way obligates Verizon to

provide the subject services and in no way waives Verizon's rights, and the use of slightly different wording or phrasing in the pricing schedule does not alter the obligations and rights set forth in the Terms.

2. WorldxChange's adoption of the Z-Tel Terms shall become effective on January 29, 2004. Verizon shall file this adoption letter with the Commission promptly upon receipt of an original of this letter countersigned by an authorized officer of WorldxChange. The term and termination provisions of the Z-Tel/Verizon agreement shall govern WorldxChange's adoption of the Terms. The adoption of the Terms is currently scheduled to expire on June 1, 2004.
3. As the Terms are being adopted by you pursuant to your statutory rights under section 252(i), Verizon does not provide the Terms to you as either a voluntary or negotiated agreement. The filing and performance by Verizon of the Terms does not in any way constitute a waiver by Verizon of any position as to the Terms or a portion thereof, nor does it constitute a waiver by Verizon of all rights and remedies it may have to seek review of the Terms, or to seek review in any way of any provisions included in these Terms as a result of WorldxChange's 252(i) election.
4. Nothing herein shall be construed as or is intended to be a concession or admission by Verizon that any provision in the Terms complies with the rights and duties imposed by the Act, the decisions of the FCC and the Commissions, the decisions of the courts, or other law, and Verizon expressly reserves its full right to assert and pursue claims arising from or related to the Terms.
5. Verizon reserves the right to deny WorldxChange's adoption and/or application of the Terms, in whole or in part, at any time:
  - (a) when the costs of providing the Terms to WorldxChange are greater than the costs of providing them to Z-Tel;
  - (b) if the provision of the Terms to WorldxChange is not technically feasible; and/or
  - (c) to the extent that Verizon otherwise is not required to make the Terms available to WorldxChange under applicable law.
6. For avoidance of doubt, please note that adoption of the Terms will not result in reciprocal compensation payments for Internet traffic. Verizon has always taken the position that reciprocal compensation was not due to be paid for Internet traffic under section 251(b)(5) of the Act. Verizon's position that reciprocal compensation is not to be paid for Internet traffic was confirmed by the FCC in the Order on Remand and Report and Order adopted on April 18, 2001 ("*FCC Internet Order*"), which held that Internet traffic constitutes "information access" outside the scope of the reciprocal compensation obligations set forth in section

251(b)(5) of the Act.<sup>1</sup> Accordingly, any compensation to be paid for Internet traffic will be handled pursuant to the terms of the *FCC Internet Order*, not pursuant to adoption of the Terms.<sup>2</sup> Moreover, in light of the *FCC Internet Order*, even if the Terms include provisions invoking an intercarrier compensation mechanism for Internet traffic, any reasonable amount of time permitted for adopting such provisions has expired under the FCC's rules implementing section 252(i) of the Act.<sup>3</sup> In fact, the *FCC Internet Order* made clear that carriers may not adopt provisions of an existing interconnection agreement to the extent that such provisions provide compensation for Internet traffic.<sup>4</sup>

7. Should WorldxChange attempt to apply the Terms in a manner that conflicts with paragraphs 3-6 above, Verizon reserves its rights to seek appropriate legal and/or equitable relief.

<sup>1</sup> In the event this Appendix 1 refers to a service that is not available under the Terms, the Terms shall control. Nothing in this Appendix 1 shall be deemed to require Verizon to provide a service that the Terms does not require Verizon to provide.

<sup>2</sup> Certain of the rates and charges set forth within, as indicated by a "diamond" (♦), are arbitrated rates taken from the previously arbitrated Interconnection, Resale and Unbundling Agreement between GTE and AT&T Communications, which was approved by the Commission in an Interim Order dated December 5, 1996, in Docket A-310125F0002. Verizon has agreed to use and to incorporate herein such arbitrated rates subject to the following: The Parties expressly agree (1) that such arbitrated rates shall not be deemed to have been voluntarily negotiated by the Parties, and (2) that, for purposes of calculating Reciprocal Compensation Traffic, the arbitrated rates shall not apply to Internet Traffic. The foregoing shall not, in any way, limit any other term, condition, limitation or reservation of right in the Agreement that applies to rates, including, but not limited to the Reservation of Rights language of the General Terms and Conditions. The Parties further agree that the Commission's Order in Docket A-310125F0002, to the extent such Order established the arbitrated rates, shall be deemed an arbitration decision associated with the Terms.

<sup>3</sup> All rates and charges specified herein are pertaining to the Interconnection Attachment.

## Application of NRCs

### Pre-ordering:

CLEC Account Establishment is a one-time charge applied the first time that WorldxChange orders any service from the Terms.

Customer Record Search applies when WorldxChange requests a summary of the services currently subscribed to by the end-user.

### Ordering and Provisioning:

Engineered Initial Service Order - New Service applies per Local Service Request (LSR) when engineering work activity is required to complete the order, e.g. digital loops.

Non-Engineered Initial Service Order - New Service applies per LSR when no engineering work activity is required to complete the order, e.g. analog loops.

Initial Service Order - As Specified (Engineered or Non-Engineered) applies only to *Complex Services for services migrating from Verizon to WorldxChange*. Complex Services are services that require a data gathering form or has special instructions.

Non-Engineered Initial Service Order - Changeover applies only to *Basic Services for services migrating from Verizon to WorldxChange*. End-user service may remain the same or change.

Central Office Connect applies in addition to the ISO when physical installation is *required at the central office*.

Outside Facility Connect applies in addition to the ISO when incremental fieldwork is required.

Manual Ordering Charge applies to orders that require Verizon to manually enter WorldxChange's order into Verizon's Secure Integrated Gateway System (SIGS), e.g. faxed orders and orders sent via physical or electronic mail.

### Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite (Engineered or Non-Engineered) applies if WorldxChange requests service prior to the standard due date intervals.

Coordinated Conversion applies if WorldxChange requests notification and coordination of service cut over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if WorldxChange requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

### **UNE-P Pricing**

MRCs. The MRC for a UNE-P will generally be equal to the sum of the MRCs for the combined UNEs (e.g. the total of the UNE loop charge plus the UNE port charges in the Terms (see Note A) plus: UNE local switching (per minute originating usage plus T/O factor to determine terminating minutes) based on UNE local switching rates in the Terms plus UNE shared transport and tandem switching (based on factors for percent interoffice and tandem switch usage, plus assumed transport mileage of 10 miles and 2 terms) based on UNE shared transport rates in the Terms plus UNE Vertical Services charges (optional per line charges, if allowed by the Terms).

(Note A): UNE platforms are available in four loop/port configurations as shown below. If the price for any component of these platforms is not set forth herein, Verizon will use the ICB process to determine the appropriate price and TBD pricing shall apply.

UNE Basic Analog Voice Grade Platform consists of the following components:

- UNE 2-wire Analog loop; and
- UNE Basic Analog Line Side port

UNE ISDN BRI Platform consists of the following components:

- UNE 2-wire Digital loop; and
- UNE ISDN BRI Digital Line Side port

UNE ISDN PRI Platform consists of the following components:

- UNE DS1 loop; and
- UNE ISDN PRI Digital Trunk Side port

UNE DS1 Platform consists of the following components:

- UNE DS1 loop; and
- UNE DS1 Digital Trunk Side port

NRCs. Optional NRCs will apply as ordered by the CLEC including such charges as Expedites, Coordinated Conversions, loop Conditioning, etc.

### **EEL Pricing**

MRCs. The MRCs for an EEL will generally be equal to the applicable MRCs for UNEs and Multiplexing that comprise an EEL arrangement (e.g. UNE Loop, IDT, CDT, Multiplexing, & Clear Channel Capability).

## Line Splitting<sup>5</sup>

Except as noted in the following paragraph, the provider of voice services in a Line Splitting arrangement ("VLEC") will be billed for all charges associated with the Network Elements and other Verizon services, facilities and arrangements, used in conjunction with the Line Splitting arrangement ("Line Splitting Arrangement"), regardless of which CLEC in the Line Splitting Arrangement orders the Network Elements or other Verizon services, facilities or arrangements. These charges include, but are not limited to, all applicable non-recurring charges and monthly recurring charges related to such Line Splitting Arrangement, including but not limited to UNE-P (2-wire digital UNE loop or 2-wire ADSL capable UNE loop, UNE switch port, UNE local switching usage, UNE local transport and usage rates), testing, pre-qualification, OSS, line conditioning, CLEC account establishment and misdirected trouble charges.

The CLEC with the applicable collocation arrangement will be billed for splitter establishment and collocation related charges.

---

<sup>5</sup> Rates for the individual line splitting components are contained in existing terms for Unbundled Network Elements and Collocation.

## Application of NRCs

### Preordering:

CLEC Account Establishment is a one-time charge applied the first time that WorldxChange orders any service from the Terms.

Customer Record Search applies when WorldxChange requests a summary of the services currently subscribed to by the end-user.

### Ordering and Provisioning:

Initial Service Order (ISO) applies to each Local Service Request (LSR) and Access Service Request (ASR) for new service. Charge is Manual (e.g. for a faxed order) or Semi-Mechanized (e.g. for an electronically transmitted order) based upon the method of submission used by the CLEC.

Subsequent Service Order applies to each LSR/ASR for modifications to an existing service. Charge is Manual or Semi-Mechanized based upon the method of submission used by the CLEC.

Advanced ISO applies per LSR/ASR when engineering work activity is required to complete the order.

Exchange ISO applies per LSR/ASR when no engineering work activity is required to complete the order.

Provisioning – Initial Unit applies per ISO for the first unit installed. The Additional Unit applies for each additional unit installed on the same ISO.

Basic Provisioning applies to services that can be provisioned using standard network components maintained in inventory without specialized instructions for switch translations, routing, and service arrangements.

Complex Provisioning applies to services that require special instruction for the provisioning of the service to meet the customer's needs.

### Examples of services and their Ordering/Provisioning category that applies:

Exchange-Basic: 2-Wire Analog, 4-Wire Analog, Standard Sub-Loop Distribution, Standard Sub-Loop Feeder, Drop and NID.

Exchange-Complex: Non-loaded Sub-Loop Distribution, Non-load Sub-Loop Feeder, Loop Conditioning, Customized Routing, ISDN BRI Digital Line Side Port and Line Sharing.

Advanced-Basic: 2-Wire Digital Loop, 4-Wire Digital Loop

Advanced-Complex: DS1 Loop, DS3 Loop, Dark Fiber, EELs, and ISDN PRI Digital Trunk Side Port

Conditioning applies in addition to the ISO, for each Loop or Sub-Loop UNE for the installation and grooming of Conditioning requests.

DS1 Clear Channel Capability applies in addition to the ISO, per DS1 for the installation and grooming of DS1 Clear Channel Capability requests.

Changeover Charge applies to UNE-P and EEL orders when an existing retail, resale, or special access service is already in place.

Service Inquiry – Dark Fiber applies per service inquiry when a CLEC requests Verizon to determine the availability of dark fiber on a specific route.

EELs - The NRCs that generally apply to an EEL arrangement are applicable ordering & provisioning charges for EEL Loops, IDT, CDT, Multiplexing and Clear Channel Capability

Custom Handling (These NRCs are in addition to any Preordering or Ordering and Provisioning NRCs):

Service Order Expedite applies if WorldxChange requests service prior to the standard due date intervals and the expedite request can be met by Verizon.

Coordinated Conversion applies if WorldxChange requests notification and coordination of service cut-over prior to the service becoming effective.

Hot Coordinated Conversion First Hour applies if WorldxChange requests real-time coordination of a service cut-over that takes one hour or less.

Hot Coordinated Conversion Per Additional Quarter Hour applies, in addition to the Hot Coordinated Conversion First Hour, for every 15-minute segment of real-time coordination of a service cut-over that takes more than one hour.

Design Change Charge applies to EELs & Transport orders for design changes requested by the CLEC.
