gas suppliers (“NGSs”) serving retail customers in Columbia’s service territory. Additionally, responses by other parties to Columbia’s proposals may raise issues impacting the competitive retail natural gas market and the operations of NGSs. On April 15, 2015, RESA filed a Petition to Intervene in this proceeding.

RESA requests that all documents be served on:

III. DISCOVERY

RESA proposes no modifications to the discovery rules that are set forth in the Commission’s regulations. In addition, RESA has no objections to modifications proposed by other parties in the proceeding.

IV. PROPOSED SCHEDULE

RESA is agreeable to Columbia’s proposed schedule. Further, RESA respectfully requests that the evidentiary hearings be held in Harrisburg.

V. WITNESSES

At this time, RESA does not anticipate calling any witnesses. RESA reserves the right, however to call witnesses to address any issues that have been or are later raised during the

course of the proceeding, and will identify such additional witnesses within a reasonable period of time prior to the testimony filing deadlines.

VI. ISSUES

RESA is still reviewing Columbia's filing and intends to focus on any issues raised by Columbia's filing and testimony submitted by other parties that may have an adverse impact on the competitive natural gas retail market or the business operations of NGSs serving retail customers in Columbia's service territory. A particular issue of interest that RESA has identified is Columbia's proposal for a Choice Administration Charge ("CAC"), which would be billed as a per therm rate for Choice customers and included in the Pass-through Charge line item on their bills. CAC costs would also be allocated to General Distribution Service customers as a fixed charge. These charges are described as a carve out of costs that Columbia incurs to administer, enhance and maintain gas transportation programs.

VII. SETTLEMENT

RESA is willing to participate in settlement discussions with the parties.
