Dear Ms. Chiavetta,

I am writing to you regarding the above referenced complaint that was issued to Pocono Cab Co. back in December of 2014, regarding the dome lights being in-operable on three of said vehicles and no dome lights on an additional three.

While I am not disputing the above complaints, I would like to note that I did comply with the necessary repairs the day these complaints were issued and because of the harsh winter we were all dealt, it has put a hardship on the business. I am asking you to consider reducing the fine cost.

I understand you cannot waive the fee completely, however I would appreciate it if you would take into consideration the fact that I did repair all the dome lights and or replaced them the same day and again the loss of business due to the harsh winter.

*Thank you for taking the time in considering my request in the above referenced matter.*

Sincerely,

  
Robert Heller
