SECTION 1 - DEFINITION OF TERMS

For the purposes of this Tariff, Citizens Telecom Solutions, LLC concurs with the definitions contained in Title 52 -PA Code, relating to customer service classifications.

**Authorization Code:** A numerical code, one or more of which may be assigned to a Customer to enable identification of individual users or groups of users on an account and to allocate costs of service accordingly. Authorization Codes are the sole property of the Company, and no Customer shall have any property or other right or interest in the use of any particular Authorization Code.

**Automatic Numbering Identification (ANI):** A type of signaling provided by a local exchange telephone company which automatically identifies the local exchange line from which a call originates.

**Bill to Third Party:** The term "Bill to Third Party" denotes a billing arrangement by which a call may be charged to an authorized station as determined by the Company other than the station originating the call or the station where the call is terminated.

**Billed Party:** The person or entity responsible for payment of the Company's service. The Billed Party is the Customer associated with the Authorization Code used to place the call, with the following exceptions:

- (a) In the case of a calling card or credit card call, the Billed Party is the party assigned the Authorization Code for the calling card or credit card used by the Users: and
- (b) In the case of a collect or third party call, the Billed Party is the person responsible for the local telephone service at the telephone number that agrees to accept charges for the call.

**Called Station:** The terminating point of a call.

**Calling Card:** A card issued by the Company containing such account numbers assigned to its Customer which enables the charges for calls made to be properly billed on a pre-arranged basis.

---

**Issued: September 26, 2001**

**Effective: September 27, 2001**

**Issued by: Richard Cutrell  
President  
Route 982, PO Box 135  
Mammoth, PA 15664-0156**

SECTION 1 - DEFINITION OF TERMS (Cont.)

Calling Station: The originating point of a call.

Collect Call: The term "Collect Call" denotes a billing arrangement by which the charge for a call may be reversed provided the charge is accepted at the called station. A collect call may be billed to a calling card or third party number.

Company: Citizens Telecom Solutions, LLC

Customer Dialed Calling Card Station: Customer Dialed Calling Card Station is a calling card call which does not require intervention by an attended operator position to complete.

Customer Dialed 1+: Customer Dialed 1+ denotes that situation where the customer dials "1" and continues to dial the called station.

Customer Dialed 0+: Customer Dialed 0+ denotes that situation where the customer dials the appropriate operator code and continues to dial called station.

Debit Card: A calling card issued by the Company in return for prepayment of an amount certain by the Customer. The Customer uses a Personal Identification Number (PIN) associated with the card to make calls which are charged against the prepayment amount until it is exhausted.

Dial Station: Dial Station Service is where the person originating the call dials the telephone number desired and the call is completed without the assistance of a Company operator, except: when an operator records the originating telephone number where no automatic recording equipment is available; when an operator reaches the called telephone number where facilities are not available for dial completion; when an operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of this handicap; and when an operator reestablishes a call which has been interrupted after the called number has been reached.

Holidays: New Year's Day, Independence Day, Thanksgiving Day, and Christmas Day. Additional days may be included on a promotional basis.

SECTION 1 - DEFINITION OF TERMS, (Cont.)

**Message Telecommunications Service:** Message Telecommunications Service (MTS) is that of furnishing facilities or telecommunications between stations in accordance with the regulations and price schedules specified in this tariff.

**Off Net Service:** A resale product sold to customers in areas where the Company cannot originate via its leased facilities.

**On Net Service:** Service provided to customers in areas where the company has network origination capabilities.

**Operator Dialed Surcharge:** Operator Dialed Surcharge applies a surcharge to Operator Station and Person-to-Person rated calls when the customer has the capability of dialing all the digits necessary to complete a call, but elects to dial only the appropriate operator code and requires prompting by the operator system to dial the called station or requests the operator to dial the called station. The surcharge applies in addition to any applicable service charges. The surcharge does not apply to: calls where a customer cannot otherwise dial the call, due to defective equipment or trouble on the Citizens Telecom Solutions, LLC Network; calls in which a Company operator places a call for a calling party who identifies himself / herself as being unable to dial the call because of his / her handicap calls for which Citizens Telecom Solutions, LLC does not have the technical capability to impose the surcharge; and calling card calls.

**Operator Dialed 0-:** Operator Dialed 0- denotes that situation where the customer dials only the appropriate operator code and then requests the operator to dial the called station.

**Operator Station:** Operator Station denotes calls that are completed with the assistance of a Company operator, except as specified for the Dial Station, Customer Dialed Calling Card Station, Person-to-Person, and Real Time Rated classes of service. Operator Station prices apply to calls which are billed to a different telephone number (e.g., collect, bill to a third number) or a calling card.

SECTION 1 - DEFINITION OF TERMS, (Cont.)

Person-to-Person: The term "Person-to-Person" denotes that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile station to be reached through a miscellaneous common carrier attendant, or a particular station, department, or office to be reached through a Centrex or PBX attendant. When, after the station, miscellaneous common carrier mobile radio system, Centrex, or PBX called has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other person or mobile station to be reached through a miscellaneous common carrier attendant, or to any other station, department or office to be reached through a Centrex or PBX attendant, the classification of the call remains Person-to-Person. When the person originating the call wishes arrangements made in advance with a particular party or station for the establishment of a connection at a specified time (appointment call) the call is classified as Person-to-Person.

Real Time Rated: Real Time Rated calls are those that originate and are paid for at public or semi-public telephones and calls for which the Company furnishes time and / or charge information.

Station: The term "station" denotes the network control signaling unit and any other equipment which enables a customer to establish communications and to effect communications through such connections.

Telecommunications: The transmission of voice communications or, subject to the transmission capabilities of the service, the transmission of data, facsimile, signaling, metering, or any other form of intelligence.

Universal Range: Limitation of a Customer's ability to place calls to selected Area Codes through the placement of restrictions on a Customer's 1+ and calling card access to the network. Such limitations may be imposed by only specific request of Customers on their own lines or cards.

User: A Customer, or any person or entity which makes use of services provided to a Customer under this tariff.

Verified Account Code: A numerical code, one or more of which are available to a Customer to enable identification of individual users or groups of users on an account and to allocate costs of service accordingly. Account codes are verified against a predefined list of codes maintained by the Company.

SECTION 2 - RULES AND REGULATIONS

2.1 Description of Service

2.1.1 Basic Service Offering: The Company offers and provides the resale of message toll services to residential and business customers. Service is available on a full time basis, twenty-four (24) hours a day, seven (7) days a week.

2.2 Service Availability

2.2.1 The Company offers service to all those within its service area, who desire to purchase service from the Company consistent with all provisions of this Tariff. Customers or subscribers interested in the Company's services may be required to file a service application with the Company which will fully identify the customer and all services requested.

2.2.2 Service is offered subject to the Company's ability to technically provide the service requested and subject to the availability of the necessary facilities and / or equipment.

2.3 Classes of Service

Service is offered on a Dial Station, Customer Dialed Calling Card Station, Operator Dialed Calling Card Station, Operator Station, Person- to-Person, and Real Time Rated basis.

Charges for messages within these classes of service are based upon the day-of-week and the time-of-day that each initial period or additional minute begins as shown in Section 4.

SECTION 2 - RULES AND REGULATIONS (Cont'd)

2.3 Classes of Service (Cont'd)

- 2.3.1 Station to Station: This category of service applies in connection with calls made from other than public or semi-public telephones where the person originating the call dials the telephone number desired and the call is completed without the assistance of a Company operator or when an operator is required only to: record the originating telephone number where no automatic recording equipment is available; reach the called telephone number where facilities are not available for dial completion; establish a dialed connection where the customer has been unable to do so, re-establish a call which has been interrupted after the called number has been reached; and handle calls in the case of station sets furnished for the physically disabled who are unable to dial, and the calling party does not specify a particular person to be reached, nor a particular extension station line, department or office to be reached through a PBX attendant, but only gives the Company operator the telephone number of the desired exchange access line, PBX system or PBX extension station line, which is reached directly rather than through a PBX attendant.
- 2.3.2 Customer Dialed Calling Card Station: Customer Dialed Calling Card Station rates do not apply when (1) the Customer dials the appropriate Citizens Telecom Solutions, LLC access code and does not enter the called number prior to the call timing out and being transferred to a live Citizens Telecom Solutions, LLC operator or the automated operator system; or (2) the Customer dials a Citizens Telecom Solutions, LLC designated number for completion of Customer Dialed Calling Card calls, but fails to respond to system prompts and must be transferred to a Company operator.
