Re: Application of Network Innovations, Inc. for approval to supply telecommunications services as a Competitive Access Provider to the public in the Commonwealth of PA.

Dear Ms. Riley:

As per our letter of May 22, 2006, the Company was notified to correct two deficiencies in the above Application within 20 days:

- * original signatures were missing on the application itself, the affidavit, and the verification statement, and
- * the proposed tariff referenced as "Exhibit C" was missing.

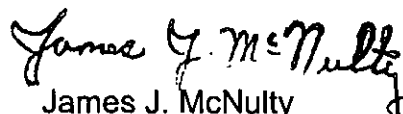

Our further letter of June 30, 2006, identified the deficiencies as corrected, although the proposed tariff was still missing. Your office was notified of this error and the proposed tariff was promised to be filed by mid-July. A subsequent call from your office extended the promise of a proposed tariff to be filed no later than July 31, 2006. To date, the proposed tariff has not been received.

Therefore, pursuant to 52 Pa. Code §1.4(d), your Application is being returned as unfiled and the Secretary's Bureau has marked the case closed.

DOCKETED

AUG 17 2006

Sincerely,

James J. McNulty
Secretary
