**Form of Service Agreement For
Firm Point-To-Point Transmission Service**

- 1.0 This Service Agreement, dated as of July 1, 2008, is entered into, by and between the Office of the Interconnection of PJM Interconnection L.L.C. (the Transmission Provider) and Champion Energy Marketing LLC ("Transmission Customer").

- 3.0 The Transmission Customer has provided to the Transmission Provider an Application deposit in accordance with the provisions of Section 17.3 of the Tariff.
- 4.0 Firm Point-To-Point Transmission Service under this agreement shall commence on the later of (1) the requested service commencement date, or (2) the date on which construction of any Direct Assignment Facilities, Local Upgrades and/or Network Upgrades and any contingencies identified in the Upgrade Construction Service Agreement by and among Transmission Provider, Transmission Customer and _____ [name of transmission owner constructing upgrades] _____ are completed, if applicable, or (3) such other date as it is permitted to become effective by the Commission. Service under this agreement shall terminate on such date as mutually agreed upon by the parties or as otherwise specified in this Service Agreement.
- 5.0 The Transmission Provider agrees to provide and the Transmission Customer agrees to take and pay for Firm Point-To-Point Transmission Service in accordance with the provisions of Part II of the Tariff and this Service Agreement.
- 6.0 Any notice or request made to or by either Party regarding this Service Agreement shall be made to the representatives as indicated below.

- 7.0 The Tariff is incorporated herein and made a part hereof.
- 8.0 For Short-Term Firm Point-To-Point Transmission Service requested under this Agreement, the confirmation procedures set forth in this section 8.0 shall apply. Whenever PJM notifies the Transmission Customer that a request for Short-Term Firm Point-To-Point Transmission Service can be accommodated, the Transmission Customer shall confirm, by the earlier of (i) 15 days after PJM approves the request for service, or (ii) 12:00 noon on the day before the Service Commencement Date, that it will commence the requested service. Failure of the Transmission Customer to provide such confirmation will be deemed a withdrawal and termination of the request for the service, and any deposit submitted with the request will be refunded with interest.

{Use the following Section 9.0 for Long-Term Firm Point-To-Point Transmission Service Requests that require construction of Direct Assignment Facilities, Local Upgrades, and/or Network Upgrades}

- 9.0 The Transmission Customer was notified by the Transmission Provider that the System Impact Study indicates that Firm Point-To-Point Transmission Service can not extend beyond one year from the commencement of service unless certain Direct Assignment Facilities, Local Upgrades, and/or Network Upgrades are constructed pursuant to the Tariff and in accordance with the terms and conditions of the Upgrade Construction Service Agreement by and among Transmission Provider, Transmission Customer, and _____ [name of Transmission Owner constructing upgrades]_____. The required Local Upgrades, Network Upgrades and/or Direct Assignment Facilities are identified, including estimated costs and lead times to support the requested Firm Point-To-Point Transmission Service in that Upgrade Construction Service Agreement. Therefore, the Transmission Customer may not be able to exercise reservation/rollover priority rights, in whole or in part, which it may otherwise have pursuant to Section 2.2 of the Tariff upon the initial termination date of the Firm-Point-To-Point Transmission Service, unless and until the Local Upgrades, Network Upgrades and/or Direct Assignment Facilities are completed pursuant to the terms of the Upgrade Construction Service Agreement.
- 10.0 Rates for Long-Term Firm Point-To-Point Transmission Service shall apply pursuant to this Service Agreement and applicable provisions of the PJM Tariff. Transmission Customer will not be eligible for any credits against these rates for the value of the Local Upgrades, Network Upgrades and/or Direct Assignment Facilities it provides; its consideration for payment for Customer-Funded Upgrades will be the Long-Term Firm Point-To-Point Transmission Service described in the Transmission Service Agreement, and the associated Upgrade-Related Rights, as described in the Upgrade Construction Service Agreement.

IN WITNESS WHEREOF, the Parties have caused this Service Agreement to be executed by their respective authorized officials.
