RE: Amending Application to License A-2009-2143682, Summit Energy Services, Inc, to include Residential & Governmental Customers and Filing for Modification of Bond Requirement

To Whom It May Concern:

Summit Energy Services, Inc is asking to amend their current certification in PA for electricity broker services. Summit is currently licensed for Small Commercial, Large Commercial, and Industrial Customers, and would like to expand that to include Residential and Governmental Customers.

We would also like to file for a modification to the \$250,000 requirement for bonding. Summit only works as a broker and does not take title to electricity nor bill end use customers. Enclosed is the original copy of the bond rider that will reduce our current bond of \$250,000 to \$10,000.

If you have any questions or concerns please feel free to contact me at (502) 614-2406.

Sincerely,

A handwritten signature in black ink that reads "Lindsay Blume". The signature is written in a cursive, flowing style.

Lindsay Blume
Energy Buyer – Broker Team

Enclosed: Bond Rider
