**Re: Pennsylvania Public Utility Commission**  
v.  
**Pennsylvania Power & Light Company**  
Docket No. R-00943271

---

Dear Senator Uliana:

I have received a copy of your letter requesting a public input hearing in Bethlehem in the above-captioned proceeding. The Commission has reviewed this filing, and has suspended the tariff and opened an investigation. The filing has been assigned to my office, and ALJ Michael C. Schnierle has been assigned as the presiding officer to the case.

The number and location of public input hearings is usually set at the prehearing conference, which is the formal opening of the proceeding before the presiding officer. The prehearing conference in the Pennsylvania Power & Light Company (PP&L) rate case is scheduled for March 7, 1995, at 10:00 a.m. in an available PUC hearing room located in the North Office Building. Judge Schnierle will be provided with a copy of your letter for consideration at the prehearing conference, and a copy has been placed in the Commission's official file in this case.

Every effort is made to hold public input hearings in or near population centers, where interest is expressed. Hearing location selection is based on level of interest, availability, and seating capacity of rooms, cost, accessibility both to the general public and persons using

wheelchairs for mobility, etc. Hearings may not be held in the specific location you request, but one or more should be available to your constituents.

If you have any questions or comments, please contact my office.

Very truly yours,
