#3.) one person and for my home to be cold is ridiculous. I'm putting my health issues at risk already. At this rate I'll be forced to turn the heat completely off. When I leave at 7:30 a.m. the heat is turned down to 56° or 58° . When I return home in the evenings after 8:30 p.m. it is only turned up to 66° or 68° . The gas company is available from 7:00 a.m. to 12 midnight now. Are we paying exorbitant fees, so they can pay people overtime or time in a half. I don't think these rate increases took into consideration the fact that peoples pays don't increase. Is it fair for people who pay their bills to be punished for people who don't, because at this rate they still won't. How much can the cost of natural gas actually have gone up when in New Jersey they're decreasing the customer's fees. Why are we paying for their mismanagement and stealing? They should be punished not the customers.

4.) Tripling people's bills is not considerate at all. It tends to be unrealistic because all it makes for is more people who can't pay their bills.

The rising cost of the use of gas is impractical. There is a senior citizen in my home and the rising gas prices are making it very difficult to maintain. Additionally, it is very difficult to get immediate attention from the company. When you call, the service is too impersonal (with the use of automated replies) and the quality of service has not increased.

Please do not grant the request for the rate increase.

2. Name of company your complaint concerns: Philadelphia Gas Works

3. What is your complaint? (Use additional paper if need more space).

I believe that the paying customers are NOT responsible for the :
corruption and malfeasance that Gas Works executives have been
engaging in. I was told that my bill would increase by thirty
percent by customer service reps at PGW. They also stated that
on average, my bill should have an ANNUAL increase of aprox.
\$200.00. Upon receiving my next bill, I found that it was
in excess of \$100. more than my bill at the same time last year!
This is certainly NOT an increase of 30%.

4. What do you want the Public Utility Commission to do about your complaint?

(Use additional paper if need more space).
I believe that the PUC should order the Gas Works to credit the
customers for this unreasonable and excessive increase. There is NO
WAY we should be held responsible for the outright theft by the
people they hired to run their company. This is a way to send a
message to those who monopolize this commodity to treat the people
who PAY THEIR BILLS fairly.
