SUPPORTING STATEMENT FOR THE APPLICATION

At Docket Number A- 2015-2480529

52 Pa. Code Section 41.14(a), states that an applicant seeking motor common carrier authority has the burden of demonstrating that approval of the application will serve a useful public purpose, responding to a public demand or need. This form documents a statement of support on behalf of the applicant to demonstrate need by the public for the service the applicant wishes to offer. This form may be duplicated as needed for use by each supporting witness.

The Commission requires: 1) supporting witnesses must give evidence proving they need the applicant's service; 2) the supporting witnesses must identify origin and destination points in Pennsylvania which they require transportation AND those points must fall within the operating territory specified in the application; and, 3) there must be a sufficient number of supporters for the proposed operating territory.

Failure to demonstrate a public need for the application will result in the application's dismissal. Failure to obtain supporting statements from witnesses in all parts of the proposed operating territory could result in the Commission granting only limited authority consistent with the need demonstrated by the applicant.
