Docket No. R-00049255

SECRETARY'S
BUREAU

2004 JUN 21 PM 3:28

RECEIVED

**OBJECTIONS OF PPL ELECTRIC UTILITIES
CORPORATION TO CERTAIN INTERROGATORIES
IN SET VI OF THE OFFICE OF SMALL BUSINESS ADVOCATES'
INTERROGATORIES AND SET VII IN ITS ENTIRETY**

PPL Electric Utilities Corporation ("PPL Electric") hereby objects, pursuant to 52 Pa. Code § 5.342, to certain written interrogatories included in the Office of Small Business Advocates' ("OSBA") Set VI and Set VII in its entirety.

1. Provided as Appendix A hereto are copies of Interrogatory Nos. 1 and 2 from OSBA's sixth set of Interrogatories.

2. Provided as Appendix B hereto is a copy the OSBA's seventh set of Interrogatories.

3. PPL Electric objects to Interrogatory Nos. 1 and 2 from OSBA's sixth set of Interrogatories and to the OSBA's seventh set of interrogatories in its entirety.

4. All of these Interrogatories from the OSBA deal with the same subject and PPL Electric's objections to all of these Interrogatories are the same.

5. These Interrogatories are improper because they seek detailed information about the operations, decision-making processes, personnel, finances, standards, grants, loans, investments, etc. of the Sustainable Energy Fund of Central Eastern Pennsylvania ("SEF").

6. OSBA's Interrogatories are improper because they unreasonably burden PPL Electric. Although PPL Electric does appoint one director of the SEF, that individual attends meetings of the directors but has no involvement in the day-to-day operations of SEF. PPL Electric simply does not have knowledge sufficiently detailed to respond to these OSBA Interrogatories. For example, Set VII, No. 14, which requests the following information:

“For the following loans made by the SEF, as listed on its website, please provide (i) the date and term of the loan, (ii) the interest rate for the loan, (iii) the documentary basis for approving the loan, (iv) the documents that SEF requires from the project, regarding project milestones, financial performance, etc., and (v) a listing of loan payments received:

- (a) \$1,000,000 loan to Petersburg Commons
- (b) \$1,150,000 loan to Somerset Wind
- (c) \$500,000 Royalty Debt Financing and Warrants to PowerWeb Technologies
- (d) \$500,000 loan to Londonderry School.”

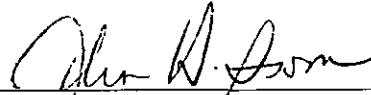

A person who attends meetings of the board of directors cannot be expected to have information about such details. Therefore, although PPL Electric has some knowledge concerning SEF, such knowledge is limited to information obtained by the director which PPL Electric appoints and from publicly available information.

7. PPL Electric notes that SEF has intervened in this proceeding and is an active party. SEF clearly has more information than PPL Electric about the intricacies of SEF's operations, decision-making processes, personnel, finances, standards, grants, loans, investments, etc. than does PPL Electric, and such information is clearly more readily available to SEF than it is to PPL Electric.

8. Under the circumstances of this proceeding, it would be far more productive for the OSBA's Interrogatories that are provided as Appendices A and B hereto to be directed to SEF. Further, directing the OSBA's Interrogatories to SEF would not unnecessarily burden PPL Electric, which continues to bear a substantial burden of answering Interrogatories from other parties concerning subjects about which PPL Electric is the most appropriate source of information.

WHEREFORE, for all the foregoing reasons, *PPL Electric Utilities Corporation* respectfully requests that its objections to Interrogatory Nos. 1 and 2 of the Office of Small Business Advocate's Sixth Set of Interrogatories and all of the Office of Small Business Advocate's Seventh Set of Interrogatories be sustained.

Dear Secretary McNulty:

On April 6, 2004, the PP&L Industrial Customer Alliance ("PPLICA") filed a Complaint at the above-referenced docket. Although the Secretary's Bureau confirmed that our client's name was docketed correctly, notices and orders that PPLICA receives from the Commission concerning these proceedings list PPLICA's full name as "PPL Industrial Customer Alliance." Accordingly, PPLICA files an original and three (3) copies of this letter in order to confirm that its correct name is "PP&L Industrial Customer Alliance" and to request that future documents reflect the correct full name of PPLICA.

If you have any questions regarding this letter, please contact us. As reflected on the attached Certificate of Service, all parties to this proceeding are being duly served with copies of this filing. Please date stamp the extra copy of this letter and kindly return it to us for our filing purposes. Thank you.

1 **Q. WOULD YOU PLEASE STATE YOUR FULL NAME AND BUSINESS**
2 **ADDRESS?**

3 A. My name is Thomas J. Prisco and my business address is United States Army
4 Litigation Center, JALS-RL, Suite 713, 901 North Stuart Street, Arlington,
5 Virginia 22203-1837.

6
7 **Q. BY WHOM AND IN WHAT CAPACITY ARE YOU EMPLOYED?**

8 A. I am employed by the Regulatory Law Office, United States Army Office of The
9 Judge Advocate General, Department of the Army, as a Staff Accountant and
10 Financial Advisor.

11

12 **Q. PLEASE SUMMARIZE YOUR PAST WORK EXPERIENCE.**

13 A. Prior to assuming my present position in October 1987, I had been employed by the
14 United States Army Information Systems Command as a Systems Accountant,
15 responsible for the development and fielding of a cost chargeback system for the
16 VIABLE Project Management Office. From 1978 to 1983, I held various positions
17 with the United States Computer Systems Command, including Staff Accountant,
18 Chief Accounting Operations, and Contracting Officer. Prior to accepting civilian
19 employment with the Department of the Army, I held a variety of positions with RCA
20 at its Dunmore, Pennsylvania plant. I also served a tour with the United States Air
21 Force in Vietnam.

22

23 **Q. PLEASE STATE YOUR EDUCATIONAL BACKGROUND.**

1 A. I received a Bachelor of Science degree with a major in accounting from the
2 University of Scranton. I've attended numerous professional development courses
3 which include Price and Cost Analysis, U.S. Army Financial Management, and
4 Computer Performance and Capacity Management. I have also attended numerous
5 Regulatory Studies Programs and seminars.

6
7 **Q. WHAT ARE THE RESPONSIBILITIES AND DUTIES ASSOCIATED WITH**
8 **YOUR PRESENT POSITION?**

9 A. As Staff Accountant and Financial Advisor with the Regulatory Law Office, I analyze
10 testimony, exhibits, and supporting data submitted by utilities to regulatory bodies in
11 justification of rate increases/decreases; advise office attorneys in accounting matters;
12 draft proposed cross-examination of company witnesses; prepare statements and
13 exhibits for use in regulatory proceedings; and present testimony before utility
14 commissions to protect the consumer interests of the Federal Government.

15
16 **Q. HAVE YOU PREVIOUSLY TESTIFIED IN RATE PROCEEDINGS BEFORE**
17 **REGULATORY COMMISSIONS?**

18 A. Yes. I participated in numerous regulatory proceedings in the states of Arizona,
19 Florida, Georgia, Indiana, Kansas, Kentucky, Maryland, Missouri, New Jersey, New
20 York, North Carolina, Pennsylvania, South Carolina, Texas plus the District of
21 Columbia. I have also participated in proceedings before the FERC and ICC. These
22 proceedings involved gas, electric, water, wastewater, telephone, and railroad. A list

1 of the various proceedings in which I have filed testimony is outlined on DOD
2 Exhibit TJP-9.

3
4 **Q. WOULD YOU OUTLINE THE SUBJECT MATTER OF THE EXPERT**
5 **TESTIMONY YOU HAVE PRESENTED BEFORE REGULATORY**
6 **COMMISSIONS?**

7 A. My testimony has addressed the overall revenue requirements, depreciation, capital
8 structure, cost of capital, valuation, integrated resource planning, rate design,
9 incentive rates, rate base and appropriate tariffs of communications, electric, gas, and
10 water utilities.

11
12 **Q. WHO ARE YOU REPRESENTING IN THIS PROCEEDING?**

13 A. I am presenting testimony on behalf of the consumer interest of the Department of
14 Defense and all Other Federal Executive Agencies (hereinafter called "DOD"). The
15 Secretary of Defense has been delegated authority by the General Services
16 Administration to provide representation of the consumer interest of federal civilian
17 agencies in this proceeding.

18
19 **Q. WHAT IS THE PURPOSE OF YOUR DIRECT TESTIMONY IN THIS**
20 **PROCEEDING?**

21 A. The magnitude of PPL Electric Utilities Corporation proposed rates warrants
22 intervention to protect the consumer interests of the Federal government. My purpose
23 is to review PPL's rate base filing for its electric operations and provide

1 recommendations to the Pennsylvania Public Utility Commission (PPUC or
2 Commission) that may help mitigate the impact on the DOD. In order to develop my
3 recommendations, I reviewed the prefiled testimony and exhibits of the Company; the
4 responses to data request submitted by the Office of Trial Staff, the Office of
5 Consumer Advocate, and other parties. I believe my testimony identifies a number of
6 legitimate base rate adjustments that the Commission may wish to consider.

7
8 **Q. PLEASE SUMMARIZE YOUR TESTIMONY IN THIS PROCEEDING.**

9 A. My testimony demonstrates that the base rate increase of \$164,438,000 is overstated
10 and should be reduced. My review of the Company's filing indicates that a revenue
11 increase of no more than \$131,574,000 may be authorized. It should be noted that
12 because of limited time and resources a comprehensive analysis of all phases of the
13 Company's operation could not be accomplished at this time. Therefore, items not
14 specifically addressed in this filing does not constitute an endorsement of
15 PPL's position.

16
17 **Q. HOW DID YOU ARRIVE AT YOUR RECOMMENDED REVENUE**
18 **RECOMMENDATION?**

19 A. My revenue requirement recommendation is supported by a number of operating
20 income adjustments and a \$64M reduction of the Company's Proposed Measure of
21 Value for the Future Test Year. In quantifying my revenue requirement
22 recommendation I used the return on equity (ROE) for PPL electric found reasonable
23 by DOD witness Mr. Kenneth L. Kincel Of 10.75%.

1 **Q. MR. PRISCO, PLEASE LIST THE BASE RATE ADJUSTMENTS YOU ARE**
2 **RECOMMENDING IN YOUR DIRECT TESTIMONY.**

3 A. Recommended adjustments to PPL's filing are listed below:

4 **Operating Income Adjustments**

- 5 • Adjustment to PPL's pro forma unbilled revenues.
- 6 • Adjustment to social programs.
- 7 • Adjustment to remediation work.
- 8 • Adjustment to injuries and damages.
- 9 • Adjustment to self funded health insurance.

10
11 **Q. WHAT IS THE OVERALL RATE OF RETURN AND THE**
12 **CAPITALIZATION YOU ARE UTILIZING IN THIS PROCEEDURING?**

13 A. I made no adjustment to the capitalization proposed by the Company. However, in
14 determining the overall cost of capital, as previously stated, I used the return on
15 equity (ROE) recommended in the testimony of DOD witness Mr. Kenneth Kincel of
16 10.75%. The utilization of PPL's capitalization and DOD's ROE results in an overall
17 rate of return of 8.46%. The calculation of the overall cost of capital is provided on
18 DOD Exhibit TJP- 2. DOD Exhibit TJP-1 provides the calculation of net operating
19 revenues required by PPL of \$150,424,000 (line 5).

20
21
22 **Q. WHY DO YOU BELIEVE AN ADJUSTMENT TO THE COMPANY'S**
23 **"UNBILLED REVENUES" IS NECESSARY?**

1 A. The Company eliminated \$2,395,000 of unbilled revenues from the test year. I
2 believe this is not appropriate since the Company is using a future test period which
3 utilizes estimated budget figures to determine revenues, expenses, plant additions.
4 The Company's estimate of unbilled revenues should be as accurate as any of the
5 other estimates used in the future test period and should be included in revenues.
6 The elimination of unbilled revenues creates a mismatch between revenues and
7 expenses for the accounting period. PPL reports unbilled revenues through the end of
8 an accounting period for financial and tax purposes. They are only eliminated for
9 regulatory purposes only. DOD Exhibit TJP-4 reverses the revenue effect of the
10 Company's adjustment to unbilled revenues.

11
12 **Q. WHAT ADJUSTMENT ARE YOU RECOMMENDING TO THE**
13 **COMPANY'S PRO FORMA SOCIAL PROGRAMS ADJUSTMENT?**

14 A. I have made two adjustments to the social costs requested by PPL. I have eliminated
15 the customer supplied funding for the Sustainable Energy Fund and the Community
16 Betterment Initiative.

17
18 **Q. WHY HAVE YOU ELIMINATED PPL'S REQUEST FOR \$1,000,000 IN**
19 **FUNDS FOR THE "COMMUNITY BETTERMENT INITIATIVE?"**

20 A. The Company and its customers are already supporting a number of conservation
21 oriented social programs to help lower income individuals pay electric billings or help
22 them to lower their billings. A customer should have the opportunity to support
23 whatever charitable or social program the customer believes is worthwhile. Including

1 social programs in the electric distribution costs of service upon which rates are based
2 forces ratepayers to support programs the Company believes are beneficial. The
3 Company and its shareholders are certainly at liberty to fund any new programs. I
4 have eliminated the customer funded portion for this new social program from the
5 overall cost of the utility. (DOD Exhibit TJP-5).

6
7 **Q. PLEASE EXPLAIN WHY YOU HAVE ELIMINATED THE FUNDING FOR**
8 **THE SUSTAINABLE ENERGY FUND (SEF)?**

9 A. The Department of Defense and the Other Federal Executive Agencies support life-
10 cycle cost effective conservation measures as described in Executive Order 13123,
11 Sec 203 (published in Federal Register on June 8,1999 (FR Vol. 64, 109). The
12 programs currently being undertaken by PPL have not been shown to meet these
13 criteria and should be eliminated.

14
15 **Q. MR. PRISCO, DO YOU HAVE FURTHER REASONS FOR ELIMINATING**
16 **THE FUNDING PROVIDED FOR THE SEF?**

17 A. Yes. There presently appears to be adequate funding accrued by PPL available for
18 the SEF to sustain its current rate of operation for several years. Eliminating
19 prospective excess funding of the SEF could help mitigate a little of the impact of the
20 current rate increase. DOD Exhibit TJP-5

21

1 **Q. WHY HAVE ARE YOU ELIMINATING \$3,025,000 FOR REMEDIATION**
2 **WORK AT VARIOUS LOCATIONS OWNED OR FORMERLY OWNED BY**
3 **PPL?**

4 A. PPL's response to Office of Trial Staff interrogatory OTS-RE-144 states:

5 In 2003, PPI Electric reviewed the estimated cost of site remediation, including
6 Superfund sites, substations and pole sites, former coal gas manufacturing
7 facilities and former generating facilities. The estimated future site remediation
8 costs exceeded the loss contingency that previously had been accrued by \$3.025
9 million. Therefore, based on AFAS 5 guidance, that amount was charged to
10 income to bring the loss contingency to the proper level.

11 Current ratepayers should not have to incur the brunt of these remediation expenses.

12 First of all it should be determined if ratepayers are responsible for the
13 remediation cost. Some of these sites date back to the 1800's. The Company has
14 sold some of the properties and may still be held responsible. However if the
15 Company made a profit on these sales, the profit should be used to mitigate the cost
16 of any remediation expense. The Company also claims in their response to OTS-
17 RE-146 that the distribution operations rather than generation was responsible for
18 the remediation because it was more related to the distribution operations. Unless
19 this determination is made by the Commission it should not automatically be
20 adopted. It would appear that manufacturing of gas would be more similar to
21 generating electricity than transporting an end product. If it is ultimately
22 determined that these costs should be born by the distribution customers the costs
23 should be amortized over several years, considering the fact that the problem has
24 existed in some cases over 100 years. See DOD Exhibit TJP-6.

25
26 **Q. WHY HAVE YOU MADE AN ADJUSTMENT TO THE COMPANY'S**

1 **INJURIES AND DAMAGES ESTIMATE?**

2 A. The Company's response to Office of Trial Staff interrogatory OTS-RE-100 identifies
3 Claims in 2003 of \$1,169,000 and in 2004 of \$1,517,000. I believe that the
4 historical amount from 2003 would be appropriate because it is based on historical
5 data and not on speculation. The Company will have fewer employees which should
6 actually reduce the cost from the previous year. I have reduced the companies
7 injuries and damages estimate by \$368,000 to the 2003 actual level. See DOD
8 Exhibit TJP-7.

9 **Q. MR. PRISCO PLEASE EXPLAIN YOUR ADJUSTMENT TO PPL'S SELF**
10 **FUNDED HEALTH INSURANCE PROGRAMS?**

11 A. The Self Funded Health Insurance Programs have been accumulating a large reserve
12 over the past few years. The Company's response to the Office of Consumer
13 Advocate Interrogatory No. 31 identifies a liability reserve of \$3,573,000 at the end
14 of 2004. I am recommending that \$3,000,000 of that amount be returned to
15 ratepayers and amortized over a three year period. This will reduce the current
16 annual accrual for the self funded health insurance programs by \$1,000,000. See
17 DOD Exhibit TJP-8.

18
19 **Q. PLEASE EXPLAIN YOUR ADJUSTMENT TO THE COMPANY'S**
20 **PROPOSED MEASURES OF VALUE.**

21 A. PPL included in the test year the total of all capital additions estimated in its future
22 test year budget. I recommend that only the average or one half of the new additions
23 be allowed. This is based on the principle that only about half of the additions will be

1 used and usefully for providing service to the test year number of customers.

2 Therefore, I have eliminated \$64,684,000 from the Company's measures of value on
3 DOD Exhibit TJP-3.

4
5
6 **Q. PPL IS REQUESTING THE COMMISSION APPROVE A DISTRIBUTION**
7 **SYSTEM IMPROVEMENT CHARGE (DSIC) WHICH WOULD PROVIDE A**
8 **MECHANISM THAT WOULD ALLOW THE COMPANY TO RECOVER,**
9 **BETWEEN FORMAL RATE CASES, THE CARRYING COSTS ON**
10 **CERTAIN CAPITAL INVESTMENTS IN DISTRIBUTION FACILITES. DO**
11 **YOU AGREE WITH THE COMPANY'S RECOMMENDATION?**

12 A. No. Allowing the Company to adjust one specific element of a rate proceeding
13 results in single issue ratemaking. Plant in service should match a predicted level of
14 customers to be served during the period rates will be in effect. Adding plant and not
15 adjusting the level of customers and/or other items addressed during a rate proceeding
16 creates an imbalance between all the elements that were considered during a fully
17 litigate rate proceeding. All the various rate items were taken together to produced a
18 rate that was considered to be fair and equitable by the Commission. The DISC
19 mechanism would create an imbalance by adjusting only one element of many and it
20 should be rejected by the Commission.

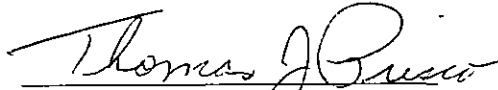

21
22 **Q. MR. PRISCO DOES THIS CONCLUDE YOUR TESTIMONY?**

23 A. Yes.
