PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

Re: Pennsylvania Electric Generation Supplier Application, 52 Pa. Code §§ 54.31-54.43.

Enclosed is one (1) original and one (1) electronic copy of the Pennsylvania Electric Generation Supplier Application for MidAmerican Energy Services, LLC. The **original** of the license bond and two (2) copies have been included. I have also enclosed the requisite \$350 application fee for this submittal.

MidAmerican Energy Company's unregulated retail services initially entered competitive retail energy markets in 1999 as a division within MidAmerican Energy Company, whose primary business is to provide regulated electric and gas utility service. MidAmerican Energy Company's unregulated retail services division has been serving electric customers in Pennsylvania as an Electric Generation Supplier since 2011, under PA PUC license number A-2010-2201370.

Due to the evolution of the unregulated business plan and market expansion since that time, corporate leadership has determined this division will be transferred to a non-regulated affiliate within Berkshire Hathaway Energy. This new company is MidAmerican Energy Services, LLC.

The break-out of the unregulated division's balance sheets, income statements, and cash flow statements for 2012, 2013 and 2014 are included with this application as **Confidential Attachment 7.b.ii**. MidAmerican Energy Company's consolidated 10K reports can be found at <http://www.berkshirehathawayenergyco.com/investors/financial-filings> for further information. Guarantor financials for Berkshire Hathaway Energy, if needed, can also be found at this location.

If any additional information is needed, please contact me at (515) 242-3488 or cbaird-forristall@midamerican.com.

Sincerely,

A handwritten signature in cursive script that reads "C. Forristall". The signature is written in black ink and is positioned above the printed name of the sender.

7. FINANCIAL FITNESS

a. **BONDING:** In accordance with 66 Pa. C.S. Section 2809(c)(1)(i), the Applicant is required to file a bond or other instrument to ensure its financial responsibilities and obligations as an EGS. Therefore, the Applicant is...

X Furnishing the **original** of an initial bond, letter of credit or proof of bonding to the Commission in the amount of \$250,000.

Furnishing the **original** of another initial security for Commission approval, to ensure financial responsibility.

Filing for a modification to the \$250,000 requirement and furnishing the **original** of an initial bond, letter of credit or proof of bonding to the Commission in the amount of \$10,000. Applicant is required to provide information supporting an amount less than \$250,000. Such supporting information must include indication that the Applicant will not take title to electricity and will not pay electricity bills on behalf of its customers. Further details for modification may be described as well.

- *At the conclusion of Applicant's first year of operation it is the intention of the Commission to tie security bonds to a percentage of Applicant's gross receipts resulting from the sale of generated electricity consumed in Pennsylvania. The amount of the security bond will be reviewed and adjusted on an annual basis.*
- *Example version of a bond and letter of credit are attached at Appendix D & E, Applicant's security must follow language from these examples.*
- *Any deviation from these examples must be identified in the application and may not be acceptable to the Commission.*

b. **FINANCIAL RECORDS, STATEMENTS, AND RATINGS:** Applicant must provide sufficient information to demonstrate financial fitness commensurate with the service proposed to be provided. Examples of such information which may be submitted include the following:

- Actual (or proposed) organizational structure including parent, affiliated or subsidiary companies.
Please see Attachment 7.b.i: Organizational Structure.

- Documentation of membership in PJM, ECAR, MAAC, other regional reliability councils, or any other membership or certification that is deemed appropriate to justify competency to operate as an EGS within the Commonwealth.

Please see Attachment 8.a.iii: PJM Membership.

- Any other information appropriate to ensure the technical capabilities of the Applicant.

Please see Attachment 8.a.iv: Operations Expertise.

b. **PROPOSED MARKETING METHOD** (*check all that apply*)

- Internal – Applicant will use its own internal resources/employees for marketing
- External EGS – Applicant will contract with a PUC **LICENSED EGS** broker/marketer
- Affiliate – Applicant will use a **NON-EGS** affiliate marketing company and or individuals.
- External Third-Party – Applicant will contract with a **NON-EGS** third party marketing company and or individuals
- Other (Describe):

c. **DOOR TO DOOR SALES:** Will the Applicant be implementing door to door sales activities?

- Yes
- No

If yes, will the Applicant be using verification procedures?

- Yes
- No

If yes, describe the Applicant's verification procedures.

d. **OVERSIGHT OF MARKETING:** Explain all methods Applicant will use to ensure all marketing is performed in an ethical manner, for both employees and subcontractors.

MidAmerican does not currently use direct marketing channels such as telemarketing, door to door solicitations, or direct mail to promote residential offers. In the event a direct marketing campaign is developed all do not call and customer protection requirements will be followed. MidAmerican develops marketing materials in house and/or through external marketing firms. Marketing material is reviewed by management, Regulatory and Legal prior to use by Sales and Customer Service teams. Current versions of marketing materials are kept on an internal portal for ease of access.

As part of an ongoing effort to adhere to the core principle of regulatory integrity, MidAmerican periodically engages external agencies to conduct a compliance assessment of our electric retail business activity. In 2014, a compliance assessment was completed for the Pennsylvania business activity, reviewing all business activities related to being an Electric Generation Supplier, including but not limited to marketing, billing, contracting, and reporting. No substantive concerns were identified.

- e. **OFFICERS:** Identify Applicant's chief officers, and include the professional resumes for any officers directly responsible for operations.

Please see Attachment 8.e: Officers Directly Responsible for Operations

- f. **FERC FILING:** Applicant has:

Filed an Application with the Federal Energy Regulatory Commission to be a Power Marketer.

***Note: FERC authorization application is anticipated to be filed in July 2015.

Received approval from FERC to be a Power Marketer at Docket or Case Number _____.

Not applicable

9. DISCLOSURE STATEMENT:

Disclosure Statements: If proposing to serve Residential and/or Small Commercial (under 25 kW) Customers, provide a Residential and/or Small Commercial disclosure statement. A sample disclosure statement is provided as Appendix G to this Application.

- Electricity should be priced in clearly stated terms to the extent possible. Common definitions should be used. All consumer contracts or sales agreements should be written in plain language with any exclusions, exceptions, add-ons, package offers, limited time offers or other deadlines prominently communicated. Penalties and procedures for ending contracts should be clearly communicated.

Not applicable for an applicant applying for a license exclusively as a broker/marketer.

Please see Attachment 9: MES PA Disclosure Statement

10. VERIFICATIONS, ACKNOWLEDGEMENTS, AND AGREEMENTS

- a. **PJM LOAD SERVING ENTITY REQUIREMENT:** As a prospective EGS, the applicant understands that those EGSs which provide retail electric supply service (i.e. takes title to electricity) must provide either:

- proof of registration as a PJM Load Serving Entity (LSE), or
- proof of a contractual arrangement with a registered PJM LSE that facilitates the retail electricity services of the EGS.

The Applicant understands that compliance with this requirement must be filed within 120 days of the Applicant receiving a license. As well, the Applicant understands that compliance with this requirement may be filed with this instant application.

(Select only one of the following)

- AGREED** - Applicant has included compliance with this requirement in the instant application, labeled in correspondence with this section (10).

X AGREED - Applicant will provide compliance with this requirement within 120 days of receiving its license

 ACKNOWLEDGED - Applicant is not proposing to provide retail electric supply service at this time, and therefore is not presently obligated to provide such information

b. STANDARDS OF CONDUCT AND DISCLOSURE: As a condition of receiving a license, Applicant agrees to conform to any Uniform Standards of Conduct and Disclosure as set forth by the Commission. Further, the Applicant agrees that it must comply with and ensure that its employees, agents, representatives, and independent contractors comply with the standards of conduct and disclosure set out in Commission regulations at 52 Pa. Code § 54.43, as well as any future amendments.

X AGREED

c. REPORTING REQUIREMENTS: Applicant agrees to provide the following information to the Commission or the Department of Revenue, as appropriate:

- Retail Electricity Choice Activity Reports: The regulations at 52 Pa. Code §§ 54.201--54.204 require that all active EGSs report sales activity information. An EGS will file an annual report reporting for customer groups defined by annual usage. Reports must be filed using the appropriate report form that may be obtained from the PUC's Secretary's Bureau or the forms officer, or may be down-loaded from the PUC's internet web site.
- Reports of Gross Receipts: Applicant shall report its Pennsylvania intrastate gross receipts to the Commission on a quarterly and year to date basis no later than 30 days following the end of the quarter.
- The Treasurer or other appropriate officer of Applicant shall transmit to the Department of Revenue by March 15, an annual report, and under oath or affirmation, of the amount of gross receipts received by Applicant during the prior calendar year.
- Net Metering Reports: Applicant shall be responsible to report any Net Metering per the Standards on http://www.puc.pa.gov/consumer_info/electricity/alternative_energy.aspx. Scroll down to the Net Metering Standards Section.
- Applicant shall report to the Commission the percentages of total electricity supplied by each fuel source on an annual basis per 52 Pa. Code § 54.39(d).
- Applicant will be required to meet periodic reporting requirements as may be issued by the Commission to fulfill the Commission's duty under Chapter 28 pertaining to reliability and to inform the Governor and Legislature of the progress of the transition to a fully competitive electric market.

X AGREED

d. TRANSFER OF LICENSE: The Applicant understands that if it plans to transfer its license to another entity, it is required to request authority from the Commission for permission prior to transferring the license. See 66 Pa. C.S. Section 2809(D). Transferee will be required to file the appropriate licensing application.

X AGREED

e. ASSESSMENT: The Commission does not presently assess Electric Generation Suppliers for the purposes of recovery of regulatory expenses; see *PPL Energyplus, LLC v. Commonwealth*, 800 A.2d 360 (Pa. Cmwlth. 2002).

X ACKNOWLEDGED

- f. **FURTHER DEVELOPMENTS:** Applicant is under a continuing obligation to amend its application if substantial changes occur to the information upon which the Commission relied in approving the original filing. See 52 Pa. Code § 54.34.

X AGREED

- g. **FALSIFICATION:** The Applicant understands that the making of false statement(s) herein may be grounds for denying the Application or, if later discovered, for revoking any authority granted pursuant to the Application. This Application is subject to 18 Pa. C.S. §§4903 and 4904, relating to perjury and falsification in official matters.

X AGREED

- h. **NOTIFICATION OF CHANGE:** *If your answer to any of these items changes during the pendency of your application or if the information relative to any item herein changes while you are operating within the Commonwealth of Pennsylvania, you are under a duty to so inform the Commission, within twenty (20) days, as to the specifics of any changes which have a significant impact on the conduct of business in Pennsylvania. See 52 Pa. Code § 54.34.*

X AGREED

- i. **CEASING OF OPERATIONS:** Applicant is also required to officially notify the Commission if it plans to cease doing business in Pennsylvania, 90 days prior to ceasing operations.

X AGREED

- j. **Electronic Data Interchange:** The Applicant acknowledges the Electronic Data Interchange (EDI) requirements and the relevant contacts for each EDC, as listed at Appendix J.

X AGREED

- k. **FEE:** The Applicant has enclosed or paid the required initial licensing fee of \$350.00 payable to the Commonwealth of Pennsylvania.

X PAYMENT ENCLOSED

11. AFFIDAVITS

- a. **APPLICATION AFFIDAVIT:** Complete and submit with your filing an officially notarized Application Affidavit stating that all the information submitted in this application is truthful and correct. An example copy of this Affidavit can be found at Appendix A.

- b. **OPERATIONS AFFIDAVIT:** Provide an officially notarized affidavit stating that you will adhere to the reliability protocols of the North American Electric Reliability Council, the appropriate regional reliability council(s), and the Commission, and that you agree to comply with the operational requirements of the control area(s) within which you provide retail service. An example copy of this Affidavit can be found at Appendix B.

12. NEWSPAPER PUBLICATIONS

Notice of filing of this Application must be published in newspapers of general circulation covering each county in which the applicant intends to provide service. Below is a list of newspapers which cover the publication requirements for Electric Generation Suppliers looking to do business in Pennsylvania.

The newspapers in which proof of publication is required is dependent on the service territories the applicant is proposing to serve. The chart below dictates which newspapers are necessary for each EDC. If the applicant is proposing to serve the entire Commonwealth, please file proof of publication in all seven newspapers.

Please file with the Commission the Certification of Publication, along with a photostatic copy of the notice to complete the notice requirements.

Proof of newspaper publications must be filed with the initial application. Applicants **do not** need a docket number in their publication. Docket numbers will be issued when all criteria on the item 14 checklist (see below) are satisfied.

Electronic Data Interchange and Internet Requirements

Prior to doing business in an EDC service territory, all EGS suppliers, and any broker/marketers that wish to use the Electronic Data Interchange (EDI), must meet the EDI certification requirements of the EDC. Certification is a testing process using the Commission approved Internet protocol. To initiate this process, the EGS is encouraged to contact the EDC as early as possible after filing an application for a license with the Commission, since certification may require as many as four months to complete and customer service contract dates may not commence prior to certification. EDC requirements of new suppliers may be found on the respective EDC home web page. Pennsylvania's industry stakeholder group the Electronic Data Exchange Working Group (EDEWG) develops and maintains the EDI transactions and related business practices, which are found on the Pa. PUC website at http://www.puc.pa.gov/filing_resources/issues_laws_regulations/electronic_data_exchange.aspx. The EDEWG meets telephonically the first Thursday of each month at 2:00pm ET to discuss EDI change control requests and other issues.

To keep current with Pennsylvania EDI practices and policies, a newly licensed EGS is strongly encouraged to participate in the EDEWG by contacting the following:

D&B Viability Rating Summary

The D&B Viability Rating uses D&B's proprietary analytics to compare the most predictive business risk indicators and deliver a highly reliable assessment of the probability that a company will go out of business, become dormant/inactive, or file for bankruptcy/insolvency within the next 12 months. The D&B Viability Rating is made up of 4 components:

5	Viability Score	Lowest Risk:1	Highest Risk:9

Credit Capacity Summary

This credit rating was assigned because of D&B's assessment of the company's creditworthiness. For more information, see the D&B Rating Key

D&B Rating : --

The blank rating symbol should not be interpreted as indicating that credit should be denied. It simply means that the information available to D&B does not permit us to classify the company within our rating key and that further enquiry should be made before reaching a decision. Some reasons for using a "--" symbol include: deficit net worth, bankruptcy proceedings, insufficient payment information, or incomplete history information.

D&B Credit Limit Recommendation

Conservative credit Limit	10,000
Aggressive credit Limit:	25,000

Risk category for this business : **LOW**

The Credit Limit Recommendation (CLR) is intended to serve as a directional benchmark for all businesses within the same line of business or industry, and is not calculated based on any individual business. Thus, the CLR is intended to help guide the credit limit decision, and must be balanced in combination with other elements which reflect the individual company's size, financial strength, payment history, and credit worthiness, all of which can be derived from D&B reports.

Risk is assessed using D&B's scoring methodology and is one factor used to create the recommended limits. See Help for details.

Financial Stress Class Summary

The Financial Stress Score predicts the likelihood of a firm ceasing business without paying all creditors in full, or reorganization or obtaining relief from creditors under state/federal law over the next 12 months. Scores were calculated using a statistically valid model derived from D&Bs extensive data files.

The Financial Stress Class of 3 for this company shows that firms with this class had a failure rate of 0.24% (24 per 10,000), which is lower than the average of businesses in D & B's database

Financial Stress Class : **3** (Lowest Risk:1; Highest Risk:5)

Moderately lower than average risk of severe financial stress, such as a bankruptcy or going out of business with unpaid debt, over the next 12 months.

Probability of Failure:

Risk of Severe Financial Stress for Businesses with this Class: **0.24 %** (24 per 10,000)

Financial Stress National Percentile : **37** (Highest Risk: 1; Lowest Risk: 100)

Financial Stress Score : **1456** (Highest Risk: 1,001; Lowest Risk: 1,875)

Average Risk of Severe Financial Stress for Businesses in D&B database: **0.48 %** (48 per 10,000)

The Financial Stress Class of this business is based on the following factors:

No payment experiences.

Limited time under present management control

Notes:

The Financial Stress Class indicates that this firm shares some of the same business and financial characteristics of other companies with this classification. It does not mean the firm will necessarily experience financial stress.

The Probability of Failure shows the percentage of firms in a given Class that discontinued operations over the past year with loss to creditors. The Probability of Failure - National Average represents the national failure rate and is provided for comparative purposes.

The Financial Stress National Percentile reflects the relative ranking of a company among all scorable companies in D&Bs file.

The Financial Stress Score offers a more precise measure of the level of risk than the Class and Percentile. It is especially helpful to customers using a scorecard approach to determining overall business performance.

Norms	National %
This Business	37
Region: WEST NORTH CENTRAL	76
Industry: INFRASTRUCTURE	43
Employee range: 1-9	52
Years in Business:	29

This Business has a Financial Stress Percentile that shows:

Higher risk than other companies in the same region.

Higher risk than other companies in the same industry.

Higher risk than other companies in the same employee size range.

Lower risk than other companies with a comparable number of years in business.

Credit Score Summary

The Commercial Credit Score (CCS) predicts the likelihood of a business paying its bills in a severely delinquent manner (91 days or more past terms), obtaining legal relief from its creditors or ceasing operations without paying all creditors in full over the next 12 months.

The Credit Score class of 3 for this company shows that 5.8% of firms with this class paid one or more bills severely delinquent, which is lower than the average of businesses in D & B's database.

Credit Score Class : **3** (Lowest Risk:1; Highest Risk :5)

Incidence of Delinquent Payment

Among Companies with this Classification: **5.80 %**

Average compared to businesses in D&Bs database: **10.20 %**

Credit Score Percentile : **68** (Highest Risk: 1; Lowest Risk: 100)
 Credit Score : **524** (Highest Risk: 101; Lowest Risk:670)

The Credit Score Class of this business is based on the following factors:

No payment experiences reported
 Limited time under present management control
 Higher risk region based on delinquency rates for this region

Notes:

The Commercial Credit Score Risk Class indicates that this firm shares some of the same business and financial characteristics of other companies with this classification. It does not mean the firm will necessarily experience severe delinquency.
 The Incidence of Delinquent Payment is the percentage of companies with this classification that were reported 91 days past due or more by creditors. The calculation of this value is based on D&B's trade payment database.
 The Commercial Credit Score percentile reflects the relative ranking of a firm among all scorable companies in D&B's file.
 The Commercial Credit Score offers a more precise measure of the level of risk than the Risk Class and Percentile. It is especially helpful to customers using a scorecard approach to determining overall business performance.

Norms	National %

MidAmerican Energy Company's unregulated retail services initially entered competitive retail energy markets in 1999 as a division within MidAmerican Energy Company, whose primary business is to provide regulated electric & gas utility service. Due to the evolution of the unregulated business plan & market expansion since that time, corporate leadership has determined this division will be transferred to a non-regulated affiliate within Berkshire Hathaway Energy. This new company is MidAmerican Energy Services, LLC.

MidAmerican Energy Services, LLC, ("MidAmerican") currently provides competitive retail electric and gas services as MidAmerican Energy Company to approximately 60,000 customers. MidAmerican is or is applying to be registered to serve electric and gas customers in the following markets:

<u><i>Service Territory</i></u>	<u><i>State</i></u>
Ameren	Illinois
Commonwealth Edison	Illinois
MidAmerican Energy	Illinois
Nicor Gas	Illinois
Peoples Gas Light and Coke	Illinois

As part of providing competitive retail electric services in these markets, MidAmerican has developed extensive understanding and awareness of the specific requirements for each region. Specific scheduling, planning, registration, settlement, operation rules, and operating guidelines are uniquely defined by the incumbent utility, state, and/or reliability region. MidAmerican is able to comply with and address these differing requirements by:

1. Maintaining a staff of dedicated, experienced and capable individuals.
2. Writing and maintaining extensive operating and compliance procedures whereby expectations, process, and comprehension is documented. These procedures act as a solid foundation for performing tasks and help to train new staff.
3. Monitoring changes filed and approved at public utility commissions. MidAmerican monitors each incumbent tariff and has a process in place whereby changes are communicated throughout MidAmerican when they occur.
4. Participating in ongoing operational work groups within each state to address problems and concerns.

MidAmerican's staff performs the necessary tasks in order to provide electric supply to its competitive electric service customers. Some of the tasks MidAmerican performs for its competitive customers are

- Profiling and forecasting customer usage,
- Scheduling,
- Calculating and scheduling energy losses,
- Procuring energy supply, capacity and Renewable Energy Credits,
- Partnering with demand response providers,
- Procuring transmission service,
- Procuring ancillary services,
- Balancing and settling with the incumbent utilities,
- Billing Services, and
- Customer Service.

MidAmerican procures wholesale electric and gas supply through its internal trading team. The trading team procures energy at the best competitive market price.

MidAmerican currently has 24-hour on-call support staff to ensure coordination with control centers for scheduling changes, reserves implementation, curtailment orders and interruption plan implementation.

MidAmerican has completed four external reviews finding no substantive violations regarding FERC, NERC, PJM and MISO tariffs and rules.

Providing competitive electric provider services involves meeting requirements at three different levels: the incumbent utility, the state, and the reliability region. In each competitive market in which it has entered, MidAmerican has complied with these requirements.

As an experienced competitive retail electric provider, MidAmerican has experience in purchasing, maintaining, and reporting capacity requirements.

MidAmerican already tracks and reports the environmental characteristics of the electric energy provided to its competitive customers. Where MidAmerican is obligated to purchase renewable energy, the process for procuring and documenting renewable energy is very similar to procuring and documenting non-renewable energy and is well within MidAmerican's current capabilities.

MidAmerican's success in deregulated electric markets is driven by its commitment to customer service and its position as a long-term competitive retail electric provider.

Beginning in 2001 as part of MidAmerican Energy Company, the Unregulated Retail Services division made significant capital investments in automating business processes. Data transfers between internal departments and with local utilities are highly automated to ensure both quality and efficiency. These intense automation efforts give MidAmerican the ability to quickly respond to customer requests while maintaining all-time high customer satisfaction ratings in Quarter One of 2015.

MidAmerican currently acts as a point of contact for its competitive retail electric energy customers in all active states. MidAmerican's call center personnel are trained to respond to customer outage and emergency requests. Further, MidAmerican provides emergency and contact information to its competitive retail customers through bill messaging.

MidAmerican assigns an individual account manager to medium to large commercial customers to assist customers in managing their energy goals. For all customers, MidAmerican provides 24-hour telephone customer support services via a toll-free number 800-432-8574, through its call center support staff. Additional customer service support is offered via email at "CustomerService-Retail@midamerican.com". In order to ensure a high degree of confidence in energy scheduling, MidAmerican provides its customers with a 24-hour contact for reporting significant unplanned load changes.

MidAmerican Energy Company's unregulated retail services initially entered competitive retail energy markets in 1999 as a division within MidAmerican Energy Company, whose primary business is to provide regulated electric & gas utility service. Due to the evolution of the unregulated business plan & market expansion since that time, corporate leadership has determined this division will be transferred to a non-regulated affiliate within Berkshire Hathaway Energy. This new company is MidAmerican Energy Services, LLC.

MidAmerican Energy Services, LLC, (MidAmerican) has extensive operational experience serving retail energy customers.

Procurement Process

Upon the execution of an agreement with MidAmerican, the operations team will acquire firm supply through the internal trading desk. MidAmerican partners with a variety of wholesale supply sources to serve retail load in Pennsylvania. Through its internal trading desk, MidAmerican will purchase wholesale supply from the supplier(s) that can provide the optimal solution of price and service for its customers.

Risk Management

The Risk Management department of affiliate MidAmerican Energy Company (MEC), has established and oversees a set of policies and procedures to govern MidAmerican's transaction activities. The intent of the policy is to define and specify the controls and management responsibility associated with such activities; and to provide a framework in which business unit management can maintain a portfolio of products, services and other transactions within pre-defined risk parameters. The policy and associated procedures are designed to protect both MidAmerican and the customers MidAmerican serves.

Operational practices specifically designed to reduce risk exposure for customers include

- Electronic interfaces with the utility for usage and invoicing data to ensure accuracy and timeliness contributing to MidAmerican's bill accuracy rate of over 98%.
- Mark to market and VAR positions are reviewed daily, validating all operations are within defined risk management procedures, thereby minimizing exposure to wholesale market risk.
- Monthly evaluation of scheduling and balancing procedures to validate and refine the prediction of future forecasts. MidAmerican will identify key swings in usage patterns and work with individual customers as appropriate to meet new load requirements.

Customer Service

Customer Satisfaction:	99% of its current customers would recommend MidAmerican.
Billing Services:	MidAmerican maintains a 98% bill accuracy rating and 98% of its invoices are produced within two days of receiving usage data.
Leadership and Experience:	MidAmerican Energy Company has been serving customers as a regulated utility for over 140 years and retail customers since 1999. Backed by Berkshire Hathaway Energy, MidAmerican focuses and invests in long-term opportunities that contribute to its future strength.

Based on MidAmerican Energy Company's cumulative 2014 customer survey results and service level performance.

MidAmerican Energy Services, LLC (formerly MidAmerican Energy Company's Unregulated Retail Service division) has been an active supplier in deregulated markets since 1999. MidAmerican has a significant number of experienced employees within each area of operation and has included a brief biography for those individuals in key leadership positions.

**DISCLOSURE STATEMENT FOR RESIDENTIAL AND SMALL BUSINESS CUSTOMERS
TO THE RETAIL ELECTRIC SUPPLIER AGREEMENT
BETWEEN MIDAMERICAN AND (COMPANY NAME)**

DATE: (DATE)

This is an agreement for electric generation service, between MidAmerican Energy Services, LLC and (Company name).

Background

- We at MidAmerican Energy Services, LLC are licensed by the Pennsylvania Public Utility Commission (PUC) to offer and supply electric generation services in Pennsylvania. Our PUC license number is A-2010-2201370.
- Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution prices and services. The Federal Energy Regulatory Commission regulates transmission prices and services.
- You will receive a bill from MidAmerican for each billing cycle for the electric generation, other services provided and any applicable taxes and a separate bill from the electric distribution company (EDC) that includes the EDC's delivery charges as well as any applicable taxes.
- Right of Rescission - You may terminate this agreement at any time before midnight of the third business day after receiving this disclosure by calling 1-800-432-8574 or emailing CustomerService-Retail@midamerican.com.

Definitions

- **Transmission Charges:** Part of the basic service charges on every customer's bill for transporting electricity from the source of supply to the electric distribution company. The Federal Energy Regulatory Commission regulates retail transmission prices and services. This charge will vary with your source of supply.
- **Generation Charges:** Part of the basic service charges on every customer's bill for producing electricity. Generation service is competitively priced and is not regulated by the Public Utility Commission. This charge depends on the contract between the customer and the supplier.
- **Distribution Charges:** Part of the basic service charges on every customer's bill for delivering electricity from the electric distribution company to your home or business. The distribution charge is regulated by the Public Utility Commission. This charge will vary according to how much electricity you use.
- **Renewable Compliance Charge:** Costs associated with renewable portfolio standards or all other environmental and renewable program compliance costs required by the Electric Delivery Company, state or federal regulator agencies.
- **Business Days:** Monday through Friday, excluding holidays.

Terms of Service

1. **Pricing Plans – See Schedule B for pricing plan selected**

Bundled Fixed Supply

This rate includes Generation Charges and Transmission Charges excluding Gross Receipts Taxes, applicable state and local sales taxes, and Renewable Compliance Charge.

Market Index Product (Variable Rate)

**DISCLOSURE STATEMENT FOR RESIDENTIAL AND SMALL BUSINESS CUSTOMERS
TO THE RETAIL ELECTRIC SUPPLIER AGREEMENT
BETWEEN MIDAMERICAN AND (COMPANY NAME)**

DATE: (DATE)

The variable rate will be calculated monthly using PJM Day Ahead Locational Marginal Price (LMP) plus an adder. This rate may change due to market conditions. This rate includes energy charges only. It excludes Transmission, Capacity, Ancillary, Losses, and Renewable Compliance Charges as well as any applicable taxes.

Fixed Supply

This is a fixed rate and includes energy charges only. It excludes Transmission, Capacity, Ancillary, Losses, and Renewable Compliance Charges as well as any applicable taxes

2. Length of Agreement

Service will commence for the accounts listed on Schedule A with the next available meter read following the three (3) business day rescission period, and after the acceptance of the enrollment request by the EDC and will continue through their (end month) meter read.

3. Penalties, Fees and Exceptions

If you do not pay your bill in full and on time, we may charge a late payment fee assessed at a rate equal to the lesser of 1½% per month or the maximum rate allowable by law.

If Customer elects to terminate early, outside of the renewal, an early termination fee of \$100 per account will apply.

4. Termination Provisions.

If either party elects to terminate service after the primary or renewal term, written notification must be provided to the other party at least 30 days prior to the renewal date.

If MidAmerican Energy Services, LLC elects to terminate service at any time, MidAmerican Energy Services, LLC will provide written notification according to applicable rules.

Termination of this Agreement will not relieve the Customer of its liability for payment of any outstanding amounts due MidAmerican Energy Services, LLC.

If your service is terminated by your EDC for nonpayment, then this agreement is terminated.

After a termination request, Customer may elect another supplier or MidAmerican will return all accounts to utility service on the next available meter read date. For Penalties, Fees and Exceptions; refer to paragraph 3.

5. Agreement Expiration/Change in Terms/Renewal Options

If you have a fixed term agreement with us and it is approaching the expiration date (renewal period) or whenever we propose to change our terms of service in any type of agreement, you will receive written notification from us in each of our last three bills for supply charges or in corresponding separate mailings that precede either the expiration date or the effective date of the proposed changes.

We will explain your options to you in these three advance notifications.
