page 17 I do not agree with the decision because it does not address the issue of why are electric bills increased by 150% in Jan, ^{Feb} March of 2014. We were using one fire place and there is no way we used that high electric. We have no explanation of why those electric bills were so high.

page 17 ~~Second~~ Second. I do not agree with the payment plan. We are suppose to pay payment plan plus 1/6 off overage. That would be around 600-700 a

month. I am on disability and my husband is off work had bad knee injury and is out of work long term. I have a lot of medical bills over 20,000 worth of bills and need medicine weekly. We can't afford that high

bill monthly. Please can you lower the payment plan a bit it would cause us undue hardship to pay such high monthly plan. If instead of 1/6 excess

we can do 1/8 of pass due bill would help please lower payment plan slightly Thank you. Justine Smith Family
