Supplement No. 27 to Tariff Electric – PA. P.U.C. No. 23

Dear Mr. McNulty:

R-00050603

Enclosed for filing, please find an original and seven (7) copies of Supplement No. 27 to Duquesne Light Company's Tariff Electric, PA. P.U.C. No. 23 issued May 24, 2005, to become effective July 23, 2005. As discussed in more detail below, the changes proposed in Supplement No. 27 are administrative in nature and present no new information to be reviewed or considered by the Commission.

DOCKETED
MAY 24 2005

Supplement No. 27 makes two changes to incorporate tariff language previously approved by the Commission, but inadvertently omitted or deleted during the preparation and submission of compliance tariff filings at the conclusion of Duquesne's POLR III proceeding at P-00032071. The following outlines the necessity for the modifications:

- The first correction is in regard to the definition of "customer", as it was modified by the provisions of Act 201 of 2004, the "Responsible Utility Customer Protection Act" (Act 201).
 - On November 1, 2004, Duquesne submitted Supplement No. 22 to be effective January 1, 2005, in compliance with PUC Order entered October 1, 2004, at P-00032071.
 - On December 13, 2004, Duquesne submitted Supplement No. 23 to incorporate tariff changes required by the provisions of Act 201, which became effective December 14, 2004.
 - When Supplement No. 22 became effective on January 1, 2005, the new definition of "customer," was effectively eliminated, as that page in Supplement No. 22 had not been modified to reflect the approval of Supplement No. 23.
- The second correction included in Supplement No. 27 reincorporates language regarding contract and voltage control provisions into Rate HVPS – High Voltage Power Service.

RULES AND REGULATIONS - (Continued)

THE ELECTRIC SERVICE TARIFF - (Continued)

Definitions - (Continued)

- (4) **Commission** - The Pennsylvania Public Utility Commission.
- (5) **Company** - Duquesne Light Company
- (6) **Customer** - A retail electric customer or potential customer of retail electricity service who are direct purchasers of electric power for use at their facility. Unless indicated otherwise, "retail customer" and "customer" used throughout this tariff shall have the same meaning. A residential customer is a natural person in whose name a residential service account is listed and who is primarily responsible for payment of bills rendered for the service, or any adult occupant whose name appears on the mortgage, deed, or lease of the property for which the residential utility service is requested. (C)
- (7) **Direct access** - The right of Electric Generation Suppliers and retail customers to utilize and interconnect with the electric transmission and distribution system of the Company on a non-discriminatory basis at rates and terms and conditions of service comparable to the Companies' own use of the system to transport electricity from any generator of electricity to any retail customer.
- (8) **Distribution Charges** - Basic service charges for delivering electricity over a distribution system (e.g. wires, transformers, substations and other equipment) to the home or business from the transmission system. The distribution charge is regulated by the Commission. These charges include basic service under 52 Pa. Code §56.15 (4) (relating to Billing Information) and universal service, as applicable.
- (9) **Electric Distribution Company (EDC)** - Duquesne Light Company (the Company) owning and providing facilities for the jurisdictional transmission and distribution of electricity to retail customers, except building or facility owners or operators that manage the internal distribution system serving such building or facility and that supply electric power and other related electric power services to occupants of the building or facility.
- (10) **Electric Generation Suppliers (EGS)** - A person or corporation, including municipal corporation, which provides service outside its municipal limits except to the extent provided prior to January 1, 1997. This includes brokers and marketers, aggregators or any other entities that sell to end-use customers electricity or related services utilizing the jurisdictional transmission or distribution facilities of an electric distribution company. The term excludes building or facility owner/operators that manage the internal distribution system for the building or facility and that supply electric power and other related power services to occupants of the building or facility. The term also excludes electric cooperative corporations except as provided in 15 Pa. C.S. Ch. 74 (relating to generation choice for customers of electric cooperatives).
- (11) **Electricity Provider** - The term refers collectively to the EDC, EGS, electricity supplier, marketer, aggregator and/or broker, as well as any third party acting on behalf of these entities.

(C) - Indicates Change

RATE HVPS - HIGH VOLTAGE POWER SERVICE - (Continued)

(C)

CONTRACT PROVISION

Contracts shall be written for an original term of not less than five years for Contract Demand of 100,000 kilowatts or less, and not less than ten years for Contract Demands in excess of 100,000 kilowatts. Such contracts shall continue in force after the expiration of the original term until one year following the date of written notice of cancellation by either party. Such notice of cancellation may not be given earlier than one year before the expiration of the original term.

The Company reserves the right to refuse contracts hereunder if, in its judgement, its generating or transmission capacity is no more than adequate to meet the requirements of its existing customers.

Where the customer has established an energy management and conservation program and has demonstrated to the satisfaction of the Company that such program has resulted in a reduced demand, the Company will, upon the customer's request, amend the contract to reflect such reduced demand for the purpose of calculating the Minimum Charge, but in no case shall the Billing Demand be reduced to less than 30,000 kilowatts if the customer remains on this rate.

VOLTAGE CONTROL PROVISION

The customer shall be required to operate his equipment in such a manner that the voltage fluctuations produced thereby on the Company's system shall not exceed the following limits, the measurements to be made at the Company's substation nearest (electrically) the customer.

1. Instantaneous voltage fluctuations, defined as a change in voltage consuming two seconds or less, shall not exceed 1-1/4% more than six times a day, of which not more than one such fluctuation shall occur between 6:00 p.m. and midnight, and in no case shall such fluctuations exceed 3%.
2. Periodic voltage fluctuations, where the change in voltage consumes a period from 2 seconds to 1 minute, shall not exceed 1-1/4% more than five times an hour, and in no case shall such fluctuations exceed 3%.

Supplement No. 29 to Tariff Electric – PA. P.U.C. No. 23

Dear Mr. McNulty:

On May 24, 2005, Duquesne Light Company issued and filed with the Commission Supplement No. 27 to Duquesne Light Company's Tariff Electric – PA. P.U.C. No. 23, to become effective July 23, 2005. Supplement No. 27 was docketed at R-00050603.

At the Commission Staff's request, the Company voluntarily postpones the effective date of Supplement No. 27 until August 15, 2005, due to the Staff's work load and the summer public meeting schedule.

Accordingly, enclosed please find an original and eight (8) copies of Supplement No. 29 to Duquesne Light Company's Tariff Electric – PA. P.U.C. No. 23 which postpones the effective date of Supplement No. 27 until August 15, 2005.

Please return a date-stamped copy of this letter in the enclosed self-addressed, stamped envelope.

If you have any questions regarding the information contained in this filing, please contact me at 412.393.6334 or nkrajovic@duqlight.com.

Sincerely,

Nancy J. D. Krajovic/kc
