RE: Correction of Financial Instrument
Concord Engineering Group, Inc.
License Number A-2012-2303684

TO WHOM IT MAY CONCERN:

Please find under cover of this letter the Continuation Certificate recently filed by your company with the Pennsylvania Public Utility Commission as part of a supplier's license requirements under Section 2809(c) of the Pennsylvania Public Utility Code.

While the Commission requires a supplier to file an original bond, letter of credit, continuation certificate, amendment, or other financial instrument, it also requires that the name of the principal on the financial instrument match exactly with the name of the company licensed by the Commission.

The Continuation Certificate you filed does not reflect the correct name of your company. It should read "Concord Engineering Group, Inc." You may file a bond rider to correct the name on your Original Bond Number 71219214, and in addition, refile a corrected, original Continuation Certificate.

Therefore, please file the original corrected documents with my office within 20 days of the date of this letter, preferably by overnight delivery, remembering that the financial instrument and the name on your license must match exactly.

Sincerely,

Rosemary Chiavetta
Secretary of the Commission
