SECTION 1 - DEFINITIONS

Certain terms used generally throughout this Tariff are described below.

Advance Payment: Part or all of a payment required before the start of service.

Access Services: The Company's intrastate services offered pursuant to the Tariff.

Commission: The Pennsylvania Public Utility Commission

Company: US LEC of Pennsylvania Inc., d/b/a PAETEC Business Services, the issuer of this Tariff.

Customer: Any individual, partnership, association, corporation or other entity which subscribes to or uses services under this tariff. (C)

End User: A person or entity that subscribes to any of the Company's services offered under the Company's Pennsylvania P.S.C. Tariff No. 1, Section 5 or Section 6.

End Office: The term "End Office" denotes a LEC switching system where Telephone Exchange Service customer station loops are terminated for purposes of interconnection to each other and to trunks. This term includes Remote Switching Modules/Systems served by a Host Central Office in a different wire center.

Federal Communications Commission (or "FCC"): Independent government agency that develops and implements policy concerning interstate and international communications.

Individual Case Basis: A service arrangement in which the regulations, rates, and charges are developed based on the specific circumstances of the case.

Joint User: A person, firm, or corporation which is designated by the Customer as a user of services furnished to the Customer by the Company and to whom a portion of the charges for the service will be billed under a joint user arrangement as specified herein.

SECTION 1 - DEFINITIONS

LATA: A Local Access and Transport area established pursuant to the Modification of Final Judgement entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192, or any other geographic area designated as a LATA in the National Exchange Carrier Assn., Inc. Tariff F.C.C. No. 4.

LEC: A Local Exchange Company located in the area served by the Company.

Network Switching: Network Switching provides for the use of Company switching equipment and related network to originate or terminate an access minute of use of any type. It applies to the establishment and release of connections on a per call basis between two or more circuits, communications systems, alternative switches or services.

(C)

Port: A facility of equipment system or subsystem set aside for the sole use of a specific Customer.

Recurring Charges: The monthly Charges to the Customer for services which continue for the agreed upon duration of the service.

(C)

Service Commencement Date: The first date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or the Tariff, in which case the Service Commencement Date is the date of the customer's acceptance. The Company and the Customer may mutually agree on a substitute Service Commencement Date. If the Company does not have an executed Service Order from the Customer, the Service Commencement Date will be the first date on which the service or facility is used by the Customer.

Service Order: The written request for access services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this Tariff, but the duration of the service is calculated from the Service Commencement Date. Should a Customer use the Company's access service without a executed Service Order, the Company will then request the Customer to submit a Service Order.

User: A Customer or any other person authorized by the Customer to use service provided under this Tariff.
