

Before the  
Pennsylvania Public Utility Commission

Richard Tillilie,  
Complainant,

Vs.

No: C-2013-2356336

Duquesne Light Company,  
Respondent,

MOTION FOR DISMISSAL

TO THE HONORABLE COMMISSION:

The complainant, Richard Tillilie, files this MOTION FOR DISMISSAL in accordance with the Commission regulations. Reasons listed below:

1. The above filed complaint was resolved by a new legal conditional use right of way easement secured for Duquesne Light Co. through an agreement reached in a modified land lease agreement with Crown Atlantic Company LLC. and Richard Tillilie.
2. The new agreement gives Duquesne Light Co. the right to maintain their utilities in their original location at the present time.
3. The agreement also resolves the second part of the complaint of equipment, lines and poles located across and inside Mr. Tillilie's property. These lines, equipment and poles were removed by Duquesne Light Co. and placed in the roadway easement right of way.

WHEREFORE, Complainant, Richard Tillilie, respectfully requests that the Honorable Commission to dismiss this complaint and mark it as resolved.

Thank You,

---

Richard Tillilie, Complainant

I also would like to inform the commission that I have released my attorney Mrs. Susan Blank so any further communication needed or the acknowledgement for this dismal must be sent to me directly at the below address or email.
