v.

PPL Electric Utilities Corporation

**FORMAL COMPLAINANT RESPONSE TO THE JOINT PETITION FOR
APPROVAL OF SETTLEMENT OF ALL ISSUES AND
MOTION TO QUASH UNCONSTITUTIONAL PARTIALITY**

Dear Secretary Chiavetta,

Please file this Response in the rate case docket, above.

I have read the Joint Petition for Approval of Settlement filed in the above-captioned case, and:

- I agree with it.
- I do not oppose it.
- I oppose it for the following reasons:

The PPL Electric Utilities Corporation was and is required to prove that its rate hikes are both justly fair and that they are necessary. I submit that they are not. When I appeared in court to represent my Formal Complaint, PPL Corporation and its President failed to submit and uphold their legal burden of proof to me and or to the other Formal Complainants, while we are faced with unfair and unnecessary price rate gouging which has continued unabatedly due to the unconstitutional

(may attach additional pages)

Signed by The Complainant

Mr. D. Wintermeyer

partiality that continues to be granted to the monopolized PPL Electric Corporation. Therefore in order to be truly fair, I am submitting this Motion To Quash Unconstitutional Partiality of and towards The PPL Electric Corporation, and in so doing, conjunctively I am also entering a Motion for a Ruling that will grant partiality towards and for myself and for all of the other Formal Complainants for a change, while all aspects of the requested and unduly unfair rate increases shall be denied, pursuant to my legal rights of The U.S. Constitution which are to be upheld and complied with by Judges and by The Judges Sworn Oath. Although coercion and duress are both criminal acts, The PPL Electric Corporation and its President are subjecting myself and others to these crimes by requiring me to pay more for any services and or for any different or better service that I have not requested, while PPL continues to reap exorbitant profits which are the direct result of the unfair price gouging due to its monopoly which I submit as being a violation of The Federal Anti Trust Act, pursuant to The Enron Electric Company and the monopoly business that it was operating in California a few years ago.
