ANSWER

I have continued to have insurance for the vehicles for both of my PUC authorities but when I changed insurance company from Progressive to State Farm, we did not inform the PUC of the change. However on September 11<sup>th</sup> we realized our error and the State Farm agent filed the forms to the PUC. Karen from the PUC stated you received such forms on Sept. 12th . I apologize at our over sight and hope you will forgive the complaint as at no time did I ever operate without insurance.

Thank You

Janet Shilling
