Executive Overview

Commonwealth Telephone Company's Kirkwood Exchange & Verizon Pennsylvania's Oxford Exchange Boundary Change

This filing proposes a boundary modification to Commonwealth Telephone Company's (CTCo) Kirkwood Exchange Area and the Verizon Pennsylvania (VZ PA) Oxford Exchange Area.

An agreement has been reached between CTCo and VZ PA in which CTC will expand the Kirkwood exchange to cover a portion of what is now the VZ PA Oxford Exchange Area. This expansion is due to a new residential development being constructed along the boundary lines of the two exchanges. CTC has existing facilities with DSL availability, therefore, this boundary modification will allow for one consistent and contiguous local calling area of all the customers within the development. Currently, there are no customers that will be impacted by this boundary change.

This proposed boundary change will have no effect on calling to local public schools and local governmental offices because they are included in the local calling area of both Exchange Areas.

This filing fully complies with the safety, adequacy, reliability and privacy considerations required.
