**Subject:** US LEC of Pennsylvania – Supplement No. 5 to Pa. PUC No. 2 – Docket No. R-00072474

Katherine,

I have had an opportunity to review the above-referenced tariff supplement and have a question. I noticed that US LEC is adding a d/b/a to their tariff. Did the company file for a name change with the Commission which included the Pennsylvania Department of State paperwork? If not, this needs to be done. What you would do is file a tariff supplement for every tariff on file with the Commission. The supplement would include the title page and the signed paperwork from the Pa. Department of State.

I also noticed that on Section 6, page 3 the effective date is incorrect. Can you please send in an original and 3 copies of the revised page to Secretary McNulty, with a copy to me, within 5 working days of today, or July 11. In your cover letter, please refer to the docket number R-00072474.

If you have any questions regarding this request, please call me. Thanks.

SECTION 1 - DEFINITIONS

LATA: A Local Access and Transport area established pursuant to the Modification of Final Judgement entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192, or any other geographic area designated as a LATA in the National Exchange Carrier Assn., Inc. (C)

Port: A facility of equipment system or subsystem set aside for the sole use of a specific Customer.

Recurring Charges: The monthly Charges to the Customer for services which continue for the agreed upon duration of the service.

Service Commencement Date: The first date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or the Tariff, in which case the Service Commencement Date is the date of the customer's acceptance. The Company and the Customer may mutually agree on a substitute Service Commencement Date. If the Company does not have an executed Service Order from the Customer, the Service Commencement Date will be the first date on which the service or facility is used by the Customer.

Service Order: The written request for access services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this Tariff, but the duration of the service is calculated from the Service Commencement Date. Should a Customer use the Company's access service without a executed Service Order, the Company will then request the Customer to submit a Service Order.

User: A Customer or any other person authorized by the Customer to use service provided under this Tariff.
