PA. P.U.C.
SECRETARY'S BUREAU

**PETITION OF ENERPENN USA, LLC
TO REDUCE ITS BONDING REQUIREMENT**

COMES NOW, EnerPenn USA, LLC d/b/a Y.E.P., d/b/a YEP Energy (“EnerPenn”), by and through its undersigned counsel, and files the instant Petition to Reduce its Bonding Requirement and, in support thereof, states as follows:

1. EnerPenn is a limited liability company, organized in the State of Texas. EnerPenn is registered to do business in Pennsylvania and is licensed as an electric generation supplier (“EGS”) throughout the Commonwealth of Pennsylvania.

2. EnerPenn has been a licensed EGS for more than one year. It was licensed in 2011 in Docket A-2011-2248532 and has maintained its license in good standing since that time.

3. EnerPenn is compliant with its current bonding requirements.

4. By Final Order entered July 24, 2014, the Pennsylvania Public Utility Commission (the “Commission”) held that an EGS, following its first year of operations, may petition to have its bonding requirement reduced from 10% to 5% of the EGS’s last 12 months of revenue or \$250,000, whichever is greater. *Public Utility Commission Bonding/Security Requirements for Electric Generation Suppliers; Acceptable Security Instruments*, Docket No. M-2013-2393141, pp. 17-18, Conclusion and Ordering ¶ 5 (Order entered July 24, 2014) (the “Bond Reduction Order”).

5. Through this Petition, EnerPenn seeks to reduce its bonding requirement to the greater of 5% of its last 12 months revenue or \$250,000.00.

6. As required by the Bond Reduction Order, EnerPenn's Gross Pennsylvania Receipts as reported on the last four (4) quarterly reports filed with the Commission, and Alternative Energy Portfolio Standards compliance data are provided on **Appendix A (CONFIDENTIAL)**, which is attached hereto and incorporated by reference.

7. Also attached hereto as **Appendix B (CONFIDENTIAL)**, is a tax status letter from the Pennsylvania Department of Revenue which evidences EnerPenn's good standing with the Department.

8. As directed by the Bond Reduction Order, EnerPenn anticipates working with the Commission's Bureau of Technical Utility Services ("TUS") to process this Petition and welcomes TUS's input and guidance for this reduction.

9. After coordination with TUS and upon approval of the reduction and other changes, if any, EnerPenn will make a compliance filing with the new bond reflecting the reduced amount.

WHEREFORE, EnerPenn respectfully requests that the Commission, in accord with the Bond Reduction Order at Docket No. M-2013-2393141, grant the instant Petition and approve a reduction to the bonding requirements of EnerPenn and other changes, if any, to the security instrument employed by EnerPenn to meet that reduced bonding requirement.

Respectfully submitted,

David P. Zambito (ID # 80017)
