

Written response to Preliminary Objections

Complaint Docket No. C-2015-2502636

Amy Kush vs UGI Utilities

October 2, 2015

1. In response to material allegations regarding the service, they have threatened to do bad things to me. It is just a threat at this time, they have threatened to terminate my service leaving me all kinds of unsurvivable without electricity / heat source just because I have decided to follow JESUS now and have stopped working for money. They have NOT ~~turned off my service yet, they just threatened via the phone which has now been disconnected.~~ They may continue their threats via the US Postal Office, but have not yet. **If you can ensure they do NOT turn off my service, this complaint will be resolved.** At this point, moms do NOT draw a wage to be able to pay money for service. This town doesn't even like people panhandling/begging nor should women who choose to mom have to do such things. I have a right to mom! SEEMS OTHER WOMEN CAN GET MONEY TO WATCH / CARE FOR MY CHILD, BUT I CAN'T GET SEEM TO GET MONEY TO WATCH / CARE FOR MY OWN CHILD. - something aint right.
2. As a matter of man's law, UGI thinks judgement should be set forth in their favor, yet as a matter of GOD'S LAW, Amy Kush, thinks judgement should be set forth in her favor as she is doing what GODS has required of her, SHE HAS DONE NO WRONG IN THIS CASE. They have done wrong, threatening one of God's people. I have repented and turned from sin. Women shall be saved by childbearing 1 Tim 2-15. Momming is no less important than flipping burgers yet many full time moms have no money source of their own.
3. Factual dispute exists, these people have threatened to do bad things to me, unless I stop doing what God has commanded women to do. They are essentially saying convert from your biblical beliefs or we will harm you.
4. Thank you for hearing the case, this is a woman fighting for women's right...but not the right to abort her child, but the real right to raise her child. (without threats from utilities)

After we have found out the constitution is junk and that the BAR association aka the legislative branch of government has went into anarchy against God, I do not put my trust in man, but by JESUS almighty. REPENT.

Respectfully submitted,

Amy Kush, HUMAN EQUAL TO YOU, no less
