Re: Incorporation of a Sole Proprietorship or Partnership

Dear

The Pennsylvania Public Utility Commission has received notice that you have recently incorporated and that you are conducting public utility service as a corporation. In order to legally conduct business in this manner, your PUC authority must be officially transferred into the corporation.

If there has been a change in the ownership or control of the business, it will be necessary to file an application for the transfer of authority. In order to obtain the necessary forms, please contact the Application Section at 717-787-3834.

If there has been no change in the ownership or control of the business, it will be necessary to submit a verified letter of notification to the Commission containing the following information:

1. The docket number of the motor carrier and the name of the motor carrier as presently shown in Commission records.
2. A copy of the articles of incorporation.
3. The names of the owners of the stock and distribution of shares.
4. The names of the officers and directors of the corporation.
5. A statement that there has been no change in the ownership or control of the business.
6. A copy of the approved certificate of incorporation or certificate of authority from the Pennsylvania Department of State.

Upon the submission of this information to the Commission, the Commission will endorse your existing certificate or permit in the name of the new entity with no change to your existing docket number. Within 30 days of this endorsement, you must make the necessary changes on your insurance and tariff filings with the Commission.

Thanks for your attention to this matter.

Sincerely,  
*William P. Halton*
