Re: Change of law and verified statements  
A-00109547, F. 2 - Application of Reading Yellow Cab, Inc.

Dear Mr. Radcliff:

Normally, an unprotested application is processed through modified procedure via verified statements. We must make you aware of recently enacted Federal legislation which impacts heavily on this process.

On January 1, 1995, the Pennsylvania Public Utility Commission will no longer have any jurisdiction over the rates, routes or type of service of property carriers. After January 1st, all authorized property carriers (except household goods movers) will be able to transport any item of property between points in Pennsylvania. All property carriers will still be required to obtain an operating certificate, comply with the safety code and maintain evidence of insurance on file with the Commission.

You are being notified of this change in the law because of the processing time required for verified statement cases. Depending upon the time you take to prepare and file verified statements, your application may not be finalized before January 1st.

Should you choose to file verified statements. They are due on November 28, 1994. If we do not hear from you before January 1st, we will then consider your application for a certificate under the new law. Any Questions regarding this matter should be directed to Gale E. Travitz at (717)787-5513.

Very truly yours

Dear Ms. Travitz:

This letter will confirm our recent telephone conference regarding the above application proceeding. The matter is now pending review on modified procedure.

In accordance with your letter of October 24, 1994 my client has elected to proceed under the new law effective January 1, 1995. Accordingly, verified statements will not be filed.

We request that the applicant be granted an indefinite extension so that the new regulations will be applicable to this proceeding.

Thank you for your cooperation in this matter.

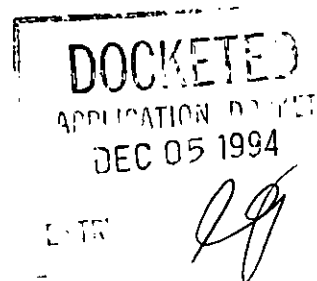

Very truly yours,

  
David H. Radcliff
