RE: P.U.C. No. A-109689 *29202*

Dear Sir/Madam:

I am writing to you pursuant to a telephone conversation I had with your office regarding the 1991 P.U.C. Annual Report which apparently was not filed by our office. I have contacted our accountant and checked our records. We applied for these rights in 1991, and the transfer was not completed until around the end of the year. We did not receive any annual report forms from the P.U.C. for 1991 and did not have any earnings in 1991. So we assumed that the transfer did not go through until 1992. We were not aware of the discrepancy.

We will file a report for 1991 if you could send us the forms to do so. Also please note our new mailing address:
