Re: Security Requirement for ADL High Voltage, Inc:

PA PUBLIC UTILITY COMMISSION
SECRETARY'S BUREAU

Dear Cheryl,

National Fuel Gas Distribution Corporation ("NFGDC") is aware ADL Energy, Inc (ADL) has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, ADL must furnish acceptable security to each utility where ADL will do business. As such, under its tariff, NFGDC could require ADL to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that ADL intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, ADL will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, ADL does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by ADL change in the future, NFGDC reserves the right to require security from ADL as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7599.

Yours truly,

Nathan E. Barnes
