By this Application Gabler Trucking, Inc. seeks the following authority:

To transport as a Class D carrier by motor vehicle property (except commodities in bulk and household goods in use) for Reckitt & Colman, Inc., from the facilities owned, leased or utilized by Reckitt & Colman, Inc., in Lower Swatara Township, Dauphin County, to points in Pennsylvania and vice versa.

VERIFIED STATEMENT OF HAROLD C. GABLER, JR. FOR GABLER TRUCKING, INC.

1. LEGAL NAME AND DOMICILE OF APPLICANT

GABLER TRUCKING, INC. 1580 Gabler Drive P. O. Box 1089 Chambersburg, PA 17201 Telephone: (717) 264-4184

2. <u>IDENTITY AND QUALIFICATIONS OF PERSON MAKING STATEMENT</u> FOR APPLICANT

I am Harold C. Gabler, Jr., President of Gabler Trucking, Inc. As President of the Company I am involved in all areas of the carrier's operations. I am familiar with the Company's authorities, facilities, equipment and operation and I am the proper person to give this statement on behalf of Gabler Trucking, Inc.

3. AUTHORITY SOUGHT

By this Application Gabler Trucking, Inc., seeks the following authority:

"To transport as a Class D carrier by motor vehicle property (except commodities in bulk and household goods in use) for Reckitt & Colman, Inc., from the facilities owned, leased or utilized by Reckitt & Colman, Inc., in Lower Swatara Township, Dauphin County, to points in Pennsylvania and vice versa."

4. DESCRIPTION OF CURRENT OPERATIONS

Commission as A.109226. The primary focus of our operations is the base territory in which we operate in the Counties of Adams, Cumberland, Franklin and York. Gabler Trucking, Inc., is primarily a food and grocery items carrier. We have developed a service responsive to the particular requirements of the food and grocery

industry. All of our intrastate Pennsylvania authority is attached to this statement.

Additionally we hold authority from the Interstate Commerce Commission at Docket No. MC-27817. Our broadest interstate certificate includes the transportation of general commodities, except hazardous substances and the common limitations, between points in the United States in and east of Minnesota, Iowa, Missouri, Arkansas and Louisiana. Gabler Trucking, Inc., also holds an interstate contract carrier permit authorizing transportation of general commodities, with the usual exceptions, between points in the United States.

5. PRESENT TERMINAL FACILITIES AND COMMUNICATIONS NETWORK

Our principal terminal and general office of the corporation is located at Chambersburg, PA. This is a full terminal located just north of Chambersburg on a 6-acre tract. At this location we have our general offices, a complete garage for major and minor repairs and our storage facilities. The Chambersburg terminal is open 24 hours per day, 7 days per week and, by virtue of the general office being at that terminal coordinates all of the activities of the other terminals.

We also maintain a terminal at Aspers, located just north of the town of Aspers. This terminal is on a 4-acre tract containing office facilities, a full shop for major and minor repairs. In addition we have 12 adjoining acres of land, 6 of which have been converted to parking facilities for our equipment.

We operate a garage and equipment pool in Silver Spring Township, Cumberland County, at which location we have an office, a shop capable of major and minor repairs and parking for our units. Across the road and also in Silver Spring Township we have a small warehouse for storage of customers' products and the availability of additional trailer parking. A third facility in Silver Spring Township is our three acre trailer staging area. This is a lighted and secured area with a security office which is manned on nights and weekends. At this location we drop loaded trailers either prior to delivery or immediately after loading. This permits more efficient use of our equipment.

The terminals have telephone facilities and the major terminals have gas, oil, grease and washing facilities.

We would require no additional terminals to provide the proposed service.

In this instance the Chambersburg terminal would direct the operation and determine the point from which equipment would be dispatched.

6. PERTINENT EQUIPMENT

Gabler Trucking, Inc., owns and operates 93 tractors, 306 dry van trailers, 35 temperature controlled trailers, 5 flatbed trailers, and one drop deck trailer. In addition, we have independent contractors under permanent lease to Gabler Trucking and those owner-operators provide more than 50 tractors to supplement our company fleet.

7. AFFILIATION

Gabler Trucking, Inc., is not affiliated with any other carriers certificated by this Commission.

8. SAFETY PROGRAM

We maintain insurance in excess of the Commission's requirements.

All of our drivers, whether of company or leased equipment, go through a screening test and a driver test and have their safety records checked. They are familiar with DOT safety regulations and our company rules.

All equipment is state inspected as required; is subject to all required preventive maintenance; and all defects noted on the logs are corrected before the unit is used again.

We are not under safety investigation or suspension.

9. FINANCIAL DATA

I have attached the balance sheet of Gabler Trucking, Inc., as of September 30, 1992.

- 10. Under authority in the 38th paragraph of our lead certificate, we are currently serving the supporting shipper from points in Cumberland County to points in Pennsylvania. We are familiar with the service requirements of Reckitt & Colman.
- 11. Gabler Trucking, Inc., has the clean food grade van trailers required in Reckitt & Colman's distribution operation. We currently are providing and will continue to provide truckload and multiple delivery service for this shipper.

We have worked with the shipper previously and provide prepositioned trailers at the warehouse facilities utilized by Reckitt & Colman. Gabler Trucking, Inc., and its drivers are familiar with the service requirements of Reckitt & Colman and will continue to provide the service which the shipper seeks.

Gabler Trucking, Inc., can start operations from the Dauphin County facility immediately upon approval of this Application.

VERIFICATION OF STATEMENT

The undersigned deposes and says that he is the person who gave the Statement for the above-captioned application and that he is authorized to and does make this verification and that the facts set forth therein are true and correct to the best of his knowledge, information and belief.

The undersigned understands that false statements herein are made subject to the penalties of 18 C.S. §4904 relating to unsworn falsification to authorities.

Dated:

2/19/93

Harold C. Gabler, Jr.

VERIFIED STATEMENT OF KAREN PETERMANN ON BEHALF OF RECKITT & COLMAN, INC.

1. NAME AND LOCATION OF SUPPORTING SHIPPER'S FACILITIES

Reckitt & Colman is a manufacturer of household and food items. The corporate offices are located at 1655 Valley Road, P.O. Box 943, Wayne, New Jersey, 07474-0943. The principal product lines of Reckitt & Colman are identified as Durkee, Airwick, French Foods and Boyle Midway. Reckitt & Colman products include Mr. Bubble, Airwick, Magic Mushroom, Crystal Air, Black Flag, Wizard Air Fresheners, Woolite, Three-in-One Oil, charcoal lighters, spices, mustard, sauces and gravies, Dec-a-cake items and hot sauces. All of the Reckitt & Colman products except for charcoal lighter are currently stored at the Mechanicsburg facilities of Exel Logistics, Inc. The current facilities are in Hampden Township, Cumberland County.

On March 1, 1993, we will begin transferring our product from the facilities of Exel Logistics, Inc. to temporary warehouse facilities in the old Fruehauf plant, Lower Swatara Township, Dauphin County.

2. My name is Karen Petermann. I am Corporate Traffic Supervisor for Reckitt & Colman, Inc. My responsibilities include management of the outbound traffic from facilities in Pennsylvania and Illinois, as well as inbound traffic to all ten of Reckitt & Colman's nationwide facilities. I have held this position for five years and I am familiar with all aspects of the Reckitt & Colman operations in Pennsylvania. I am the proper person to support this application.

- 3. Traffic volumes under this requested Emergency Temporary Authority will initially exceed 1,000 truckloads. There are approximately 40,000 pallets of product to be moved from the Cumberland County facility to the temporary warehouse in Dauphin Continuing traffic in our normal operations after the relocation of the warehouse will vary from five to fifteen truckloads per week to points in Pennsylvania. The service is required for truckload deliveries as well as multiple delivery stops in transit. Because we are a high volume shipper we require the carriers to pre-position trailer equipment for loading at our convenience. Our operations are also highly computerized and we handle much of the scheduling of our carriers through the use of electronic data interchange facilities. We require carriers that are familiar with our methods of operations which can provide sufficient quantities of equipment to meet our shipping schedules.
- 4. Outbound traffic will move from the Lower Swatara Township warehouse to other points in Pennsylvania. Representative destinations include Harrisburg and Susquehanna Township, Dauphin County, Philadelphia and Pittsburgh. Our customers include grocery companies throughout Pennsylvania. Any grocery company or grocery warehouse throughout the state is a potential destination. Additional warehouses to which our product is currently shipped include Lancaster, Oaks, Allentown, Wilkes-Barre, Scranton, Forty Fort, Milton, Temple, York, Huntingdon, Altoona, New Stanton, Belle Vernon, Somerset, DuBois, Punxsutawney, Erie, Greencastle and Carlisle. Inbound traffic, of course, will move from Hampden Township and the Mechanicsburg area of Cumberland County to the

temporary facility in Dauphin County. Additional suppliers of merchandizing and packing items will ship their product into our warehouse facility. Inbound traffic could originate at any point throughout Pennsylvania. Representative inbound origins of recent traffic include Allentown, York, Bristol, DuBois, Pittsburgh and the Philadelphia area.

- 5. Reckitt & Colman is currently being served from the Hampden Township facilities by Carlisle Carrier Corp., Gabler Trucking, Inc., and New England Motor Freight.
- 6. New England Motor Freight cannot supply sufficient equipment to meet our common carrier requirements. Reckitt & Colman is supporting Gabler as well as Carlisle Carrier, Inc., for emergency, temporary and permanent authority. Our traffic volume is such that more than one carrier is required and we do not want to be dependent on a limited number of carriers. Also, we need our interstate carriers to be able to handle multiple stop-off traffic for delivery in Pennsylvania as part of an interstate shipment.
- 7. Reckitt & Colman requires truckload service in clean food grade van trailers. In addition, pallet return service must be provided by the carrier. The carriers' drivers are responsible for case count and also for sorting and segregating products at the customer's facilities. For this reason we require a carrier which is familiar with handling our product and meeting our shipping requirements. Service to our customers is our number one priority and we view the carriers as an extension of Reckitt & Colman's operation. Gabler Trucking has performed in an excellent manner in both interstate and intrastate Pennsylvania commerce in the past.

Reckitt & Colman seeks to have the same quality of service available from its new facility as soon as possible.

Approval of this Application would benefit Reckitt & Colman.
