Application of GABLER TRUCKING, INC., a corp of the State of Delaware

To Whom It May Concern:

In review of our records it has been found that you have still not complied with the Commission's order dated May 24, 1990.

In order to process your approved application it is necessary to file with the Commission a insurance filing.

Motor carriers operating without complying with these requirements and hence without a certificate of public convenience, contract carrier permit or a brokerage license are operating illegally and are subject to the penalty provisions or the Public Utility Law.

Please file the requirements needed within thirty (30) days of receipt of this letter or the application will be dismissed for lack of prosecution.

Thank you for your co-operation in this matter.

Very truly yours,
