Re: Application of Trux Transportation, Inc.
Docket No. A-00111529
File No. 472-1

Dear Mr. Alford:

I represent the above carrier. On January 3, 1995, the PUC issued a letter granting the above application.

Enclosed, for filing, are three copies of a letter from Ronald G. Ashby of the U.S. Department of Transportation, Federal Highway Administration, to Trux Transportation, Inc., dated February 4, 1993, informing Trux that it has received a satisfactory safety fitness rating from the U.S. Department of Transportation.

I understand from the Commission's letter of January 3, 1995, that, since Trux has now submitted proof of a satisfactory safety fitness rating, a safety fitness review of my client by a PUC enforcement officer will not be necessary. I am sending copies of this letter and the enclosure to George T. Mahan, the Chief of the Commission's Section of Motor Carrier Enforcement, so that Mr. Mahan will be aware that evidence of a satisfactory safety fitness rating for Trux has been filed.
