Re: Security Requirement for Diversegy, LLC

Dear Avi,

National Fuel Gas Distribution Corporation ("NFGDC") is aware Diversegy, LLC has filed an application with the Pennsylvania Public Utility Commission to supply natural gas service to the public in Pennsylvania and specifically within the service territory of NFGDC.

As you know, in making such an application, Diversegy must furnish acceptable security to each utility where Diversegy will do business. As such, under its tariff, NFGDC could require Diversegy to provide a bond or other financial security instrument in an amount that NFGDC determines to be appropriate.

However, you have indicated, and it is NFGDC's understanding that Diversegy intends only to provide natural gas aggregating, brokering and consulting services at this time. You have stated that, in performing these services, Diversegy will never take title to any delivered natural gas.

Based upon your representations, NFGDC has determined that, at this time, Diversegy does not need to post a bond or other form of security to operate in its service territory. However, if the services provided by Diversegy change in the future, NFGDC reserves the right to require security from Diversegy as it deems appropriate.

If you have any questions concerning the foregoing, please contact me at 716-857-7599.

Nathan E. Barnes

Yours traly.

Re: Bonding Requirements

Dear Avi Keilson:

PECO is aware Diversegy, LLC have applied for a license to provide brokering and consulting services to commercial and industrial customers on the distribution system of PECO.

In making such an application, Diversegy, LLC could be required to provide to PECO a bond or other acceptable financial security in an amount that PECO determines to be appropriate. Diversegy, LLC have indicated that it intends to provide only brokering and consulting services to commercial and industrial customers will not take title to any delivered natural gas; nor will accept any customer payments or deposits. Therefore, PECO has determined at this time that Diversegy, LLC do not need a bond or other financial security requirement, since they are not directly engaging in business with PECO and only providing brokering or consulting services to PECO customers. However, if the services provided by Diversegy, LLC or the creditworthiness requirement for PECO's exposure to Diversegy, LLC changes in the future, PECO reserves the right to require Diversegy, LLC to provide a bond or other financial security instrument.

If you should have any questions regarding this matter, please contact Chris Sauerbaum at 215-841-6422 or myself at 215-841-6452.

Respectfully submitted,
