O R D E R

BY THE COMMISSION:

This matter comes before the Commission on an application filed January 7, 1991. Public notice of the application was given in the Pennsylvania Bulletin of February 16, 1991. The unopposed application is certified to the Commission for its decision without oral hearing.

The applicant, Independent Equipment Transfer Co., Inc. is domiciled at R.D. #1, Thomas Run Road, Oakdale, Allegheny County. Jack S. Cargnoni is president, James S. Cargnoni is vice-president and Salvadora Cargnoni is secretary, each officer holds 33 $\frac{1}{3}$ percent of the outstanding stock. Applicant owns and will operate five tractors and ten flatbed trailers. An unaudited balance statement submitted by the applicant shows total assets of \$122,100 with total liabilities of \$122,000 leaving stockholder's equity of \$100.

The total consideration for the rights is \$45,000. No tangible assets are involved. The sales agreement requires the consideration to be paid as follows: which was placed in escrow to be delivered to the seller at closing.

A review of the record before us indicates that the applicant possesses the requisite experience, equipment and financial capacity to provide the proposed service.

The authority to be transferred has been operated by the transferor, therefore, it is presumed that there is a continuing public need, which may be overcome only by evidence to the contrary. In re: Byerly, 440 Pa. 521 (1970); Hostetter v. Pa. P.U.C., 160 Super. Ct. 94 (1947). Since the record is void of any such evidence, this presumption of continuing public need applies in this transfer proceeding.

We find:

1. The applicant is fit, willing and able to provide the service proposed.
2. Transfer of the authority is in the public interest and is necessary for the continued accommodation and convenience of the public; THEREFORE,

IT IS ORDERED: That the transfer application be and is hereby approved and that a certificate be issued granting the following rights:

1. To transport, as a Class C and D carrier, plastic insulation for Koppers Company, Inc., between points in the counties of Allegheny, Beaver and Westmoreland, and from points in said counties, to other points in Pennsylvania.
2. To transport, as a Class D carrier, materials used in the manufacture of plastic insulation from points in Pennsylvania to points in the counties of Allegheny, Beaver and Westmoreland.
3. To transport, as a Class D carrier, structural steel, architectural metal products, steel gratings, steel plate, steel and aluminum stairs and railings, and bolts, machinery, materials, and supplies used in the production and assembly thereof, for the Mulach Steel Corp., between points in Pennsylvania; and
4. To transport, as a Class D carrier, air and gas equipment and machinery, and compound parts thereof, and trailer mounted air compressors, for Tidewater Compression NE, Inc., from the facilities of said company in the township of South Fayette, Allegheny County, to points in Pennsylvania, and vice versa.

subject to the following general conditions:

1. That the approval hereby given is not to be understood as committing the Commission, in any proceedings that may be brought before it for any purpose, to fix a valuation on the property and rights to be acquired by applicant from the present certificate holder equal to the consideration to be paid therefor, or equal to any value that may be placed thereon by applicant, or to approve or prescribe rates sufficient to yield a return thereon.
2. That applicant shall not record in its utility accounts any amount representing the rights herein granted in excess of the actual cost of such rights to the original holder thereof.
3. That the applicant charge to Account 1550, Other Intangible Property, \$45,000, being the amount of the consideration payable by it for the rights and going concern value attributable thereto; less any amount recorded under condition 2 above; and subject to further adjustment due to any normal interim transactions to the date of actual transfer.
4. That the accounts of the transferee shall reflect the same book values as the records of the transferor at the effective date of the transfer, any previously recorded appreciation having been deleted therefrom; provided that the applicant shall not record in its utility accounts any amounts representing the rights herein granted in excess of the actual cost of such rights to the original holder thereof.
5. That the operating authority granted herein, or now held or subsequently granted to the applicant to the extent that it is duplicative shall not be construed as conferring more than one operating right.
6. That the certificate holder shall not transfer, sell or in any way convey any of its outstanding capital stock to any individual, partnership, corporation or any entity, without the prior filing of an application and approval thereof by the Commission under 66 PA C.S.A. §1102(a)(3).

IT IS FURTHER ORDERED: That the applicant shall not engage in any transportation granted herein until it has complied with the requirements of the Pennsylvania Public Utility Code and the rules and regulations of this Commission relative to the filing and acceptance of evidence of insurance and a tariff establishing just and reasonable rates.

IT IS FURTHER ORDERED: That issuance of the certificate be withheld pending receipt of the 1990 Annual Report of the transferor.

IT IS FURTHER ORDERED: That upon compliance with the requirements above set forth, a certificate issue evidencing the Commission's approval of the right to operate as above-determined.

IT IS FURTHER ORDERED: That in the event said applicant has not, on or before sixty (60) days from the date of the service of this order, complied with the requirements hereinbefore set forth, the application shall be dismissed without further proceedings.

IT IS FURTHER ORDERED: That upon compliance with this order, the rights granted the transferor, Balistreri Trucking, Inc., at A-00099470 be cancelled and the record be marked closed.

Re: A-00109621 - Independent Equipment Transfer Co., Inc.
at A-00109621.

Dear Mr. Lewis:

Under date of April 22, 1991, the Secretary's office transmitted to you the Commission's compliance order adopted April 5, 1991, evidencing approval of the above application which is in effect a transfer of the rights formerly held by Balistreri Trucking, Inc. at A-00099470. The letter transmitting the order directs attention to the requirement for the filing of a tariff.

In accordance with the provisions of Pa. Code, Title 52, Section 23.13(c), you should immediately arrange to file adoption supplements with us whereby the tariff of the former operator will become the tariff of the latter, and no change in rates is permitted to cover the transfer of rights. To assist you in meeting this tariff requirement, we are enclosing three copies of the necessary supplement to be properly executed by you, the original and one copy of which must be returned to us for filing and the remaining one to be retained for your records. Upon the proper filing of the adoption supplements, the tariff requirements will be satisfied.

Very truly yours,
Barry L. Ernst, Director
Bureau of Transportation
