SECRETAN / S OFFICE Public Utility Commission

Dear Mr. Larson:

By order adopted October 26, 1995, the Commission granted avoluntary suspension of your certificate of public convenience. The voluntary suspension was effective on September 13, 1995 and expired on September 13, 1996.

As was stated in the order, the petitioner is to provide the Commission with written notification that service was resuming. In addition to the written notification, the petitioner was to comply with the Commission's rules and regulations regarding insurance.

As of the date of this letter, the Commission has received neither written notification that service is being resumed nor have we received acceptable evidence of insurance.

We will provide any additional twenty (20) days in which to notify the Commission of your intentions. Should the Commission not receive a response by October 16, 1996, we will issue a complaint for failing to maintain appropriate evidence of insurance on file with the Commission.

Should there be any questions regarding this matter, please contact the undersigned at (717) 783-5933.
