**RE: Docket No. A-2015-2519983 / Confidentiality Request / Utility Answers, LLC**

Dear Ms. Chiavetta:

On February 9, 2016 my firm submitted to the PUC via e-filing our response to a request for missing information in our pending broker/marketer application.

Part of the info supplied was our charter documentation - pages 9 through 29 of the PDF submitted via e-filing, a document entitled "My Energy Auction, LLC Operating Agreement." *Because it contains some sensitive financial information, we are requesting that this entire item to be treated as confidential and excluded from public record.*

*If there is anything more that you require from us in order to have this information marked or "sealed" as confidential, please contact me at your convenience: [paul@utilityanswer.com](mailto:paul@utilityanswer.com); 844-332-5096. Thank you for your assistance and attention to this matter.*

Sincerely,

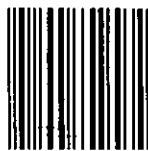

Paul Shagawat
