Re: Replacement Page 8 for CQI Associates, LLC
Application for Broker/Marketer License

Dear Ms. Chiavetta:

I am writing in response to your March 11, 2016 letter concerning the Application for Broker/Marketer License of CQI Associates, LLC. In your letter, you state that the application is deficient because the proposed service areas checked in Section 4 of the application include Penn Power, which requires publication in the Erie Times-News. Penn Power was checked in error. I have included a replacement page 8 for the application. This corrected page does not have Penn Power checked. Proof of publication for the Erie Times-News is therefore not necessary.

Based on your letter, it is my understanding that with this new page 8 CQI Associates, LLC's application is complete. I therefore respectfully request that you file the application for consideration by the Commission and provide notification that the application has been filed. Please do not hesitate to contact me if you have any questions.

Sincerely,

David W. Beugelmans

DWB
