DISTRIBUTION SYSTEM IMPROVEMENT CHARGE (DSIC) (C)

In addition to the net charges provided for in this Tariff, a charge of 0.22% will apply (C)
consistent with the Commission Order dated May 23, 2013, at Docket No. P-2012-2325034,
approving the DSIC. This charge will be effective during the period April 1, 2016 through June 30,
2016.

Effective April 1, 2016, or the first month after Commission approval of PPL electric's (C)
Revised DSIC Refund and Recoupment Plan, whichever is later, there will be a one-time bill credit
applied to each current Rate Schedule LP-5 customer's monthly bill based on the actual DSIC billed
amounts to each current LP-5 customer on PPL Electric's system, which refund amounts will be
recovered from all other applicable Rate Schedule customers through additional DSIC charges for
the three-month quarterly recovery period of April 1, 2016 through June 30, 2016, consistent with the
Secretarial Letter dated January 19, 2016, and Ordering Paragraph 2 of the Commission's Order
entered November 5, 2015, at Docket No. P-2012-2325034.

GENERAL DESCRIPTION

A. Purpose: To recover the reasonable and prudent costs incurred to repair, improve, or
