SECRETARY'S BUREAU

Wendy J. Keezel:

I am very disturbed about the untrue allegations that you have made against my moving company in your letter. It appears that somewhere along the lines the left hand of your operation did not know what the right hand was doing. Your allegations that Metro Moving and Storage abandoned operations and failed to maintain adequate, safe and efficient facilities is the furthest from the truth. Metro Moving and Storage has maintained the proper insurances, equipment, and personnel to provide one of the most reputable moving services in the city of Pittsburgh over the past seven years. By sending you this letter, I am contesting the B--- S--- letter that you have sent to my firm. If there has been a problem with your assessment reports, it's because you never sent us a bill to pay. I request that you schedule a hearing in front of your staff to get this matter resolved.

Thanks,

Thomas Boyd
