Re: Sammons Trucking Inc.  
Docket A-00111861

DOCUMENT  
FOLDER

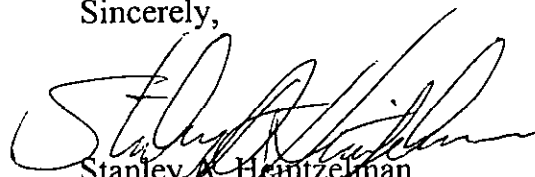

Dear Mr. Bendickson:

The Commission is in receipt of the Objection you have filed to the Commission's General Assessment Invoice for FY 2007-2008. In that Objection, you have stated that your firm, Sammons Trucking, Inc., has registered under the Unified Carrier Registration Program for the year 2007 and should not have been assessed pursuant to Section 510 of the Public Utility Code, 66 Pa. C.S. Section 510. After a review of your status as a UCR program participant, it is clear that you are UCR registered and, therefore, your assessment invoice for FY 2007-2008 is reduced to zero.

If you have already paid your assessment under Section 510 of the Public Utility Code, those amounts will be refunded to you. The refund process takes approximately six weeks. If you have not already paid that assessment, there is nothing due and owing to the Pennsylvania Public Utility Commission on this invoice.

Should you have any questions, please do not hesitate to contact me at (717) 772-0316.

Sincerely,

Stanley A. Heintzelman  
Assessment Division
