**Petition Of West Penn Power Company for approval to establish : Docket No. P-2015-2508948
and implement a distribution system improvement charge :**

**PETITION TO INTERVENE OF
AK STEEL CORPORATION**

AK Steel Corporation (“AK Steel”), by its counsel hereby files the instant Petition to Intervene in response to the Petition of West Penn Power Company (“West Penn”) pursuant to Sections 5.71 through 5.74 of the Regulations of the Pennsylvania Public Utility Commission, 52 Pa. Code § § 5.71 – 5.74.

On October 19, 2015, West Penn began the first step in implementing a Distribution System Improvement Charge (“DSIC”) to recover the reasonable and prudent costs incurred in repairing, improving or replacing distribution system property by filing a Long Term Infrastructure Improvement Plan (“LTIIIP”) proposed to upgrade its distribution system with an investment of \$88.34 million.

On February 11, 2016, the Commission approved West Penn’s LTIIIP.

Therefore, on February 16, 2016 West Penn filed the instant Petition requesting approval of a DSIC that would become effective on July 1, 2016.

AK Steel herewith submits its Petition to Intervene.

PETITION TO INTERVENE

1. AK Steel is a manufacturer of steel and steel products with a steel manufacturing plant located in Butler, Pennsylvania (“Butler Works”) which receives electric service from West Penn primarily under Rate Schedule 46. The Butler Works is the largest single customer of West Penn.
