Dear June,

My district office in West Chester has received contacts from constituents who have expressed concerns regarding a PECO matter that is currently before the Public Utility Commission (PUC). This involves the alleged incorrect installation of various components of PECO's power infrastructure by several contract crews. While I have not requested standing, I do have a responsibility to investigate matters that involve the safety of constituents in my Senate District 19.

Can the PUC assure me and my constituents that all work being done by crews contracted by PECO is done correctly and safely? Please feel welcome to contact me if I can share additional information that may be of assistance. I look forward to hearing from you.

Respectfully,

Andrew E. Dinniman  
State Senator - 19<sup>th</sup> District
