As a citizen of Pennsylvania, I ask permission to present my case In Person. Exelon companies now serve approximately ten million customers across six jurisdictions. Their boundless resources have been able to quash all dissent. I offer some quotes below in support of TRUTH.

"The real Truth of the matter is, as you and I know, that a Financial Element in the larger centers has Owned the Government ever since the days of Andrew Jackson." ~ F.D.R. to Edward House **1933**

"The Real Rulers in Washington are Invisible, and exercise Power from behind the scenes."  
~ Supreme Court Justice Felix Frankfurter, **1952**

"The **truth** is not for all men, but only for those who seek it." ~ Ayn Rand

We are fast approaching the stage of the ultimate inversion: the stage where the **government is free to do anything it pleases, while the citizens may act only by permission**; which is the stage of the darkest periods of human history, the stage of **rule by brute force**. ~ Ayn Rand

"The receptivity of the great masses is very limited, their intelligence is small, but their power of forgetting is enormous. In consequence of these facts, all effective propaganda must be limited to a very few points and must harp on these in slogans..." ~ Adolph Hitler, *Mein Kampf*

"In a time of deceit, telling the **truth** is a revolutionary act." ~George Orwell

"We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order." ~ David Rockefeller

Every human being has a right to hear what otherwise human beings have spoken to him. It is one of the Rights of Men; a very cruel injustice if you deny it to a man! ~Thomas Carlyle

The peculiar evil of silencing the expression of an opinion is, that it is robbing the human race; posterity as well as the existing generation; those who dissent from the opinion, still more than those who hold it. If the opinion is right, they are deprived of the opportunity of exchanging error for truth: if wrong, they lose, what is almost as great a benefit, the clearer perception and livelier impression of truth, produced by its collision with error. ~John Stuart Mill, *On Liberty*, 1859

If all mankind minus one were of one opinion, mankind would be no more justified in silencing that one person than he, if he had the power, would be justified in silencing mankind. ~John Stuart Mill, *On Liberty*, 1859

We are not afraid to entrust the American people with unpleasant facts, foreign ideas, alien philosophies, and competitive values. For a nation that is afraid to let its people judge the truth and falsehood in an open market is a nation that is afraid of its people. ~John F. Kennedy

For in order to turn the individual into a function of the State, his dependence on anything beside the State must be taken from him. ~ Carl Jung

The **truth** has a way of eventually getting out, in spite of the most strenuous efforts to suppress it. ~ M. Rothbard

EXAMPLE:

Cort Wrotnowski, one of the voters who filed a lawsuit on the matter of Barack Obama's eligibility to be President, has filed for injunctive relief from the U.S. Supreme Court. The Wrotnowski case had been refused by the Connecticut Supreme Court. The case in the U.S. Supreme Court is Wrotnowski v Bysiewicz, 08A469. The defendant is the Secretary of State of Connecticut.

Somewhat similar cases in the U.S. Supreme Court are the Berg and Donofrio cases. This application for a stay was **denied by Justice Ruth Ginsburg** on November 26, 2008.

Sincerely,

James Crumley
