<b>PECO Energy Company</b>	:	

**PECO Energy Company's  
Identification of Expert Witnesses and Summary of Expert Witness Testimony**

Pursuant to the April 8, 2016 Prehearing Order in this proceeding, Ordering ¶1(b), PECO hereby provides the name, business address and summary expected testimony for the following four expert witnesses whose testimony it expects to present at the scheduled July 26-27, 2016 hearing in this matter.

**Brenda Elson, Manager, Customer Care, PECO Energy Company. Business Address: PECO Energy Company, 2301 Market Street, Philadelphia, PA 19103. Ms. Elson will testify regarding the PECO process for notifying and working with customers regarding the change to AMI meters, as well as discussions and contacts between PECO and Complainant.**

**Glenn Pritchard, Manager, Advanced Grid Operations, PECO Energy Company. Business Address: PECO Energy Company, 2301 Market Street, Philadelphia, PA 19103. Mr. Pritchard will testify regarding the design and operations of PECO's existing AMR meter system, including the radio frequency fields associated with that system. He will also testify regarding the design and operations of PECO's new AMI meter system, including the radio frequency fields associated with that system, and that the PECO AMI system is in compliance with all applicable FCC standards.**

**Christopher C. Davis, Ph.D., Professor of Engineering, University of Maryland. Business Address: University of Maryland, Electrical and Computer Engineering, 2124 Jeong H. Kim Engineering Bldg, College Park, MD 20742. Dr. Davis will testify to the methods for determining a person's exposure to radio frequency fields; whether there is an established biophysical/biological mechanism for how radio frequency fields from AMR or AMI systems could cause adverse effects in humans; and how the radio-frequency fields from PECO's existing AMR system and new AMI system compare to the FCC's radio-frequency exposure standards for those devices and also to radio frequency field exposures encountered in everyday life.**

**Dr. Mark Israel, M.D., Professor of Medicine, Dartmouth Medical School. Business Address: 1 Medical Center, Lebanon, NH 03756. Dr. Israel will testify about medical and scientific studies of radio frequency fields and health, and that there is no reliable medical or scientific basis for concluding that radio frequency fields from PECO's AMI meters will cause or contribute to adverse health effects generally or to the specific conditions identified by Complainant.**

Respectfully submitted,
