

**BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION**

IN RE: Application of Danach, LLC : Docket No. A-2013-2391804

FIFTH STATUS REPORT RE: DEFERRED DANACH LLC APPLICATION

On January 20, 2015 Judge Christopher Pell entered an order placing the above referenced application into a stay of further proceeding based on the request of the Applicant and the status of other Uber related Commission activity. As part of that order Judge Pell has requested that the Applicant provide a status report every sixty days until the matter is placed back on the dockets.

The Applicant reports as follows:

1. On January 29, 2015 after a recommended decision, a subsequent final decision from the Commission and the completion of a compliance plan, Rasier-PA LLC, a wholly owned Uber subsidiary was granted experimental authority by the Commission to operate in most of the counties of the Commonwealth including those sought by Danach LLC here
2. The operation of the experimental authority and its coordination with the compliance plan is moving forward through cooperative development from the Commission and Rasier-PA
3. Legislation has been developed to take this new authority from experimental to a transportation authorized by the Legislature and regulated by the appropriate agency
4. The Legislation is finally moving and has now passed the Senate and is being reviewed by the House of Representative
5. The state budget for 2015-2016 has finally been resolved and the Legislators have turned their attention to the pending Legislation.
6. There have been many discussions and several amendments concerning the proposed Legislation.
7. The Legislation has now been approved by the Consumer Affairs Committee and is moving toward House approval.

8. It was anticipated that the Legislation will be introduced for a vote before the General Assembly breaks for the summer and it is still on the agenda as of this week for that vote.
9. The development of this Legislation will govern how Danach LLC will operate in conjunction with this experimental authority or whether there will be a need for the authority at all
10. The Applicant still desires to obtain limousine authority with the Commission but seeks to continue the stay of proceedings until the Legislation is finalized and it is determined as to the necessity of service and eliminate any further time and expense that would be expended in litigating the Application at this time
11. The Applicant will file its next report by September 10, 2016 as ordered by Judge Pell unless terminating Application or ordered differently.

Respectfully yours,
