Dear Sir/Madam:

This letter is in regards to the certified letter I received from your office stating that I have failed to maintain proof of insurance for the PUC certificate I received on September 20, 1999, Docket No. A-00115994C0202

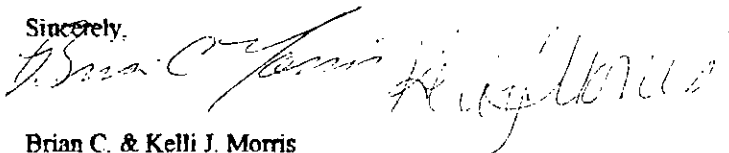

I am writing to inform you that I have not operated my business since December of 2001. In July of 2002 I was sent a letter from your office just like to the recent letter I received stating the same situation: that we failed to provide proof of insurance to your office, and this had to be received in order to still operate our business.

I called your office and spoke with a woman and explained the situation. She told me to send a letter right away to your office, and that this should solve the problem. That same afternoon, not only did I send the letter by priority mail, but I also faxed her a copy so she had it sooner. At this time I also asked her to call me at my place of employment when she received the letter. It was probably two days later that she called and said that your office had received my letter, and that this would all be taken care of and that I wouldn't be hearing from your office anymore, that I had done everything that I needed to do. In this letter, I also requested that you cancel my PUC authority due to the fact that our business was closed, and we were no longer operating and no longer needed our own authority.

I am now requesting once again that you please cancel my PUC authority. Enclosed are three copies of this letter as stated needed in the letter I received from your office. In this same letter it is also stated that there is a past due assessment in the amount of \$138.00 which I will also be sending to the correct office also.

I hope that by receiving this letter this problem will be addressed and taken care of immediately. If you have any questions concerning this matter please contact us at our home phone number (570)458-0185 or at work (Kelli) (570)784-2818.

Sincerely,

Brian C. & Kelli J. Morris
