To Whom this may Concern:

I am writing this brief to validate my request for a interlocutory Commission review Petition. Exhibit 4 Submitted by the Attorney for PPL Ms. Kimberly G. Krupka in regards to dockets

C-2016-2535220, C-2016-2538023, C-2016--2539969

Reasons for Request.

1. Does not state who did the test
2. Does not state where test was done.
3. No Record of the qualifications of the testing personnel
4. Doubt the test conforms to the rules set by the PUC. 52
57.20
5. States a Model number the does not appear on the meter.
6. States a 2 200 amp Main when I have a 200 amp main.
7. Predigests towards PPI in the testing.

My main complaints are the accuracy of my bills and the fact that my electric service goes on and off without a known cause. This exhibit could unduly predigests the Administrative Judge toward ruling against me and towards PPL instead.

I am asking for a stay in the proceedings until this petition is reviewed and answered by the Commission.

A handwritten signature in black ink, appearing to read "Ross E. Schell". The signature is written in a cursive style with a large, stylized initial "R".
