To whom it may concern,

I am writing to respond to a letter received in reference to File C 2016-2551147. It has come to my attention that I neglected to notify the PA Utility Commission that I closed my business completely in 2014 and maintained insurance for an additional year to deliver any semi trailer inventory to perspective buyers for the purpose of storage etc... What little inventory I have left does not justify the expense of registration, insurance, inspections and related maintenance. Anyone wanting to buy said trailers will have to arrange transportation. I was unaware further notice to the commission was needed. I apologize for the oversight and hope to work with Bureau to close this matter out. I can be reached at 570-204-0102.

Sincerely,

Dear Mr. Bogovic,

After receiving the letter ( Return Of Insurance Filings ) from your office, I immediately called my insurance agent and faxed the content of this letter to him as he will immediately assist Erie Insurance in forwarding the correct forms. I have ceased operations and have not conducted business for all of 2016. I was instructed by bureau representative ( Tatijana ) to notify the department and include my tax exempt #A-00123835. I hope to have this cleared up soon.

Sincerely,

James LaBar
