Notice of Preliminary Objections to Pleadings made under 52
5.61 and 5.62. I am there for answering these pleadings with the
following:

It is past the 20 day mark on all these complaints.

5.101. Preliminary objections.

To PPL new Matter Filings. As false

5.102. Motions for summary judgment and judgment on the
pleadings.

Motion for immediate judgement on these pleadings.

5.103. Motions.

To reject all pleadings by PPL and their attorney as misguided
judgement on the part of their Attorney.

GENERAL PROVISIONS

§ 5.1. Pleadings allowed.

(a) The pleadings in an action before the Commission include the following:

(1) Application and protest.

(2) Formal complaint, answer, new matter and reply to new matter.

(3) Order to show cause and answer.

(4) Petition and answer.

(5) Preliminary objections.

(6) Motions.

(b) A pleading except a preliminary objection may be subject to a preliminary

Objection as set forth in § 5.101 (relating to preliminary objections).

I object to the pleadings of new matter in the following ways.

C-2016-2558239 is About them violating laws 52 SS 56.71 and 52 SS 6.72 which is still part of the reliability issue. As far as a Payment Agreement with PPL they may call, \$1700.00 down and \$435.00 a month a good and just payment agreement. I do not.

And since we cannot e file pictures in PDF for on the PUC web site. I cannot provide the pictures of this.

C-2016-2539969 This complaint is about PPI Controlling my Meters rate of spin hence bill problems. These two complaints are not the same

C-2016-2557856 is about PPI using the wrong criteria for figuring income for a payment agreement. Again this is a reliability issue as well as a bill issue.

C-2016-2539969 Is totally different from this complaint. The rest of my Complaints yet they keep mentioning it.

C-2016-2557858 this complaint is regrading them reading my meter as required by law. Which they never did, Hence the reliability issue in the complaint.

C-2016- 25547863 Is about their improperly reading or estimating my meter reading. Hence Reliability issue.

Also part of my complaints are the fact that PPI keeps ignoring me when I say my electricity shut off and on as if I was in third world Nation. Even though they summited evidence that, this is happening at a phone hearing earlier this year.

All my complaints are legitimately made or the PUC would have rejected them. Therefore it is the Job of the Puc and PPL to fully investigate a complaint
